

Umesh Sihag – Resume

.NET Core & React Full Stack Developer

Fatehabad, Haryana

Phone: +91 82950-49160

Email: umeshsihag6606@gmail.com

LinkedIn: <https://www.linkedin.com/in/umesh-sihag-755580271/>

PROFESSIONAL SUMMARY

Full Stack .NET Developer with 3 years of hands-on experience in building scalable, secure, and high-performance web applications using ASP.NET Core MVC, Entity Framework Core, and SQL Server. Skilled in both back-end development (MediatR, Stored Procedures, Clean Architecture, DDD) and front-end implementation (JavaScript, Razor Views, React.js). Proven ability to handle complex modules such as HRMS, insurance platforms, and document-driven systems. Strong problem-solver with real project exposure to dynamic forms, file uploads, validation attributes, authentication (JWT + Cookies), and logging strategies (NLog vs SP). Committed to continuous learning and delivering clean, maintainable code aligned with business goals.

TECHNICAL SKILLS

- Languages & Frameworks: C#, .NET Core, ASP.NET MVC, JavaScript, React.js
- Databases: SQL Server, MySQL, PostgreSQL
- Web Technologies: HTML5, CSS3, Razor Views
- Tools: Visual Studio 2022, SQL Server Management Studio, Postman, Git
- Design Patterns: Domain-Driven Design (DDD), Clean Architecture
- Others: MediatR, ADO.NET, Stored Procedures, Agile Methodology

PROFESSIONAL EXPERIENCE

.NET Developer

Swadeep Holidays Pvt. Ltd., Gurugram, Haryana

June 2024 – November 2025

- Key Contributions:
 - Worked on developing and maintaining a CRM (Customer Relationship Management) system using ASP.NET Core MVC and SQL Server.
 - Implemented modules for lead management, client tracking, and communication workflows.

- - Improved user experience through optimized Razor Views, validation, and notification systems (SweetAlert2 & Toastr).
- - Collaborated with the team to enhance system performance and ensure smooth deployment of updates.

Full Stack Developer

KMA Technoware, Hisar, Haryana

Internship: Jun 2022 – Dec 2022

Full-Time: Jan 2023 – Present

Key Contributions:

- Developed modular web applications using ASP.NET Core MVC, EF Core, and SQL Server, implementing business-critical features across insurance and HR domains.
- Delivered complex modules like:
 - Employee Management System (Onboarding, Salary, Attendance, Leaves)
 - Insurance Platform (Policy handling, auto-claims, customer profiling)
 - Rental Property System (Search filters, user verification, contact flow)
- Designed and implemented custom validation attributes, dynamic document uploads, and image preview systems for robust UX.
- Integrated stored procedure-based audit logging for sensitive data changes (e.g., Salary, KYC), capturing old vs new values per field.
- Built RESTful APIs, used MediatR pattern for clean separation of concerns in CQRS-style architecture.
- Applied Domain-Driven Design (DDD) and Clean Architecture principles across layers for maintainability and scalability.
- Worked with Toastr, SweetAlert2, and Notyf for user notifications, configurable via appsettings.json.
- Collaborated in Agile teams, participated in code reviews, and deployed enhancements with strong attention to detail.

PROJECTS

1. Wonder Homz (House Rental Platform)

- Built a property rental platform enabling users to search, filter, and contact property owners.

- Implemented user authentication, role-based access, and listing management using .NET Core and React.js.

2. Aapka Policywala (Insurance Platform)

- Developed end-to-end insurance management: policies, claims, and agent onboarding.
- Automated workflows using backend rules and integrated third-party payment processing APIs.

3. HR Management System (Part of AppPolicyWala)

- Developed complete HR lifecycle modules: hiring, onboarding, salary, attendance, and employee profile management.
- Central part of the AppPolicyWala suite that streamlined internal HR processes.

4. Code Donor (Donation/Education Platform)

- Designed donation management and reporting dashboards.
- Integrated payment gateways and built secure donor-recipient interactions.

EDUCATION

- Bachelor of Computer Applications (BCA), IGNOU – Completed 2025
- Senior Secondary (Haryana Board) Balaji Public School– Completed 2022

SOFT SKILLS

- Strong problem-solving and debugging ability
- Good communication and team collaboration
- Quick learner, consistent in skill improvement

LANGUAGES

- English: Proficient
- Hindi: Native
