

SUMMARY

Full-Stack Developer skilled in JavaScript, Node.js, and MongoDB, with experience building scalable web applications and RESTful APIs. Adept at optimizing performance, improving user experiences, and collaborating effectively in Agile teams.

EXPERIENCE

Implementation Trainee — Meritto (NoPaperForms) | Jan 2025 — Nov 2025

- Built and maintained responsive web applications with JavaScript, HTML, CSS, and Node.js
- Integrated front-end interfaces with RESTful APIs; optimized MongoDB queries for performance.
- Applied NLP techniques to enhance automation and interactivity.
- Deployed and optimized scalable full-stack solutions for improved reliability.

Full-Stack Development Trainee — GLA University, Mathura | Jun 2023 — Jul 2023

- Designed and deployed JavaScript projects with front-end interactivity and back-end integration.
- Built RESTful APIs and gained hands-on experience with Node.js
- Applied Git version control and Agile practices to track development progress

Front-End Development Intern — Code Decoder, Noida | Dec 2022 — Jan 2023

- Developed reusable, responsive web templates with HTML, CSS, and JavaScript.
- Implemented interactive UI components and resolved cross-browser compatibility issues
- Contributed to prototypes by aligning front-end design with back-end requirements.

PROJECTS

Node Forge — Full-Stack Web Application (Node.js, Express.js, MongoDB)

- Built a secure and scalable full-stack web app with Node.js, Express JS, and MongoDB.
- Developed and optimized RESTful APIs for CRUD operations.
- Implemented authentication and authorization to enhance data security.
- Improved performance by optimizing database queries and applying indexing.

Recipe-Realm — Recipe Recommendation Platform (Java, Node.js)

- Designed and developed a responsive UI for seamless recipe browsing.
- Integrated external APIs to deliver personalized recipe recommendations.
- Deployed, tested with users, and optimized performance based on feedback.

TECHNICAL SKILLS

- Programming & Frameworks: JavaScript, Node.js, Java, HTMLS, CSS3, Express js, Angular.js, React
- Databases: MongoDB, MySQL
- Web Development: RESTful API Design, Responsive Web Design, Front-End & Back-End Integration with MERN Stack
- Tools & Platforms: Git/GitHub, Agile/Scrum, VS Code, Postman
- Other: Basic NLP Integration, Performance Optimization

EDUCATION

- Bachelor of Technology (B.tech) in Computer Science, GLA University, Mathura
- Intermediate, TDS School, Aligarh
- High School, TDS School, Aligarh

May 2021 - June 2025

May 2020 - May 2021

May 2018 - May 2019

ADDITIONAL INFORMATION

- Participated in hackathons using technologies such as HTML, CSS, JavaScript, Node.js, Angular, Express.js, and MongoDB, React js.
- Languages: English (Fluent), Hindi (Native)
