PROFESSIONAL SUMMARY

Data Analyst with 2+ years of experience transforming complex business data into actionable insights using Power BI, advanced Excel, and SQL. Proven track record of designing interactive dashboards, automating reports, and driving data-informed decisions across business functions. Delivered performance monitoring tools that improved reporting efficiency by 40% and reduced manual data work by 50%. Certified in data analytics and visualization, with strong skills in KPI tracking, data modeling, and stakeholder communication. Detail-oriented, fast learner, and confident working in cross-functional teams within Agile environments.

TECHNICAL SKILLS

- **Data Analytics Tools:** Microsoft Excel (Pivot Tables, Charts, Formulas, Macros), Power BI (DAX, Data Modeling, Interactive Dashboards), Google Sheets, Tableau
 - **Databases & Querying:** SQL (Joins, Aggregations, Filtering, GROUP BY, Subqueries), MySQL, Data Cleaning & Transformation
 - **Business Intelligence & Reporting:** KPI Reporting, MIS Automation, Budget Tracking, Campaign Analysis, Client Reporting, Trend Forecasting.
 - **Data Visualization & BI:** Power BI, Excel Dashboards, Google Data Studio
 - **Soft Skills:** Analytical Thinking, Stakeholder Communication, Time Management, Problem Solving, Attention to Detail, Adaptability
-

PROFESSIONAL EXPERIENCE

All India Achievers' Conference | Data Analyst | June 2023 – Present

Worked as part of the analytics and reporting team, delivering data-driven solutions for internal stakeholders and business clients. Focused on performance tracking, dashboard automation, and actionable reporting using **Power BI, Excel, and SQL**.

- Built **Power BI dashboards** to track KPIs, sales trends, regional performance, and participation funnels from contact → payment → event attendance.
- Automated **Excel reports** and templates, cutting manual workload by **40%** and improving accuracy.
- Cleaned, transformed, and modeled datasets using **SQL** and **Power Query** for timely, actionable insights.
- Analysed campaign performance (open, response, conversion rates) to identify best-performing times, templates, industries, and regions.
- Developed an **Excel-based lead scoring model** for **25,000+ prospects** using company size, industry, and award history.

- Created **forecasting models** based on outreach trends and conversion history, guiding quarterly sales targets.
 - Improved **CRM accuracy** by eliminating duplicates, bounces, and outdated contacts.
 - Collaborated with stakeholders in **Agile sprints** to define KPIs and deliver reporting milestones.
-

PERSONAL PROJECTS

Sales Performance Dashboard

- Built a Power BI dashboard to visualize monthly sales, regional performance, and **product-wise revenue trends**
- Enabled dynamic filters and drill-through capabilities to support executive decision-making
- Improved reporting efficiency by 40% through automated data refresh and KPI tracking

Campaign Insights Report Automation

- Created Excel-based reporting templates to **analyse campaign performance** across channels and periods
- Automated recurring reports using formulas, pivot tables, and macros, reducing manual effort by 50%
- Aligned reports with client KPIs, improving transparency and turnaround time for key metrics

Customer Retention Analysis

- Conducted **churn analysis** using Google Sheets and SQL on customer activity data
 - Identified behavioural trends and risk indicators, helping shape retention strategies
 - Visualized key insights with charts and summary dashboards for internal review
-

EDUCATION

Master of Commerce (M. Com)

Mangalayatan University, Aligarh - 8 GPA

Aug 2022 – June 2024 | GPA: 8 / 10
