SUMMARY

Detail-oriented and analytical finance professional with over 3 years of experience in Internal Audit and Record to Report (R2R) processes. Proven expertise in risk assessment, internal controls, compliance audits, and financial reporting. Adept at streamlining month-end close activities, managing general ledger operations, and ensuring accurate financial statements in alignment with IFRS/GAAP standards.

EXPERIENCE

Asst. Manager | Risk Advisory | Controls Assurance

Deloitte Touché Tohmatsu India LLP

01/2024 - Present

- Led comprehensive audits of critical financial operations, including **P2P, O2C, HR and Payroll**, ensuring strict adherence to company policies and industry regulations. Focused on enhancing financial accuracy, optimizing revenue recognition practices within O2C, and strengthening internal controls across all processes to maintain financial integrity.
- Performed thorough audit of financial reporting processes to ensure compliance with Sarbanes-Oxley (SOX) Act requirements.
- Audited processes for a leading African healthcare firm. Ensured **IFRS compliance** and local regulation adherence. Focused on revenue recognition and financial reporting maintaining transparency and integrity.
- Prepared and presented detailed audit reports to senior management, highlighting key financial insights and providing actionable recommendations to **improve financial performance, compliance, and internal controls**.

Management Trainee | Record-to-Report

Genpact India Pvt. Ltd

10/2022 - 12/2023

- Independently managed month-end close activities for a global pharmaceutical client across **Italy & UK markets**, processing 80+ journal entries monthly with 100% accuracy.
- Investigated and resolved financial exceptions, including provisions and adjustments, improving reporting timelines by **15%**.
- Analyzed MIS vs. statutory book reconciliations, flagging variances above **5%**, and implemented corrective actions to ensure alignment.
- Streamlined prepayment and accrual schedules, reducing manual effort and improving audit readiness.
- Identified and resolved discrepancies in financial records, leading to a **25% reduction in reconciliation errors**.
- Proposed lean process improvements in the R2R cycle, **reducing processing time** and enhancing team productivity.
