Mumbai, India | +91-8291707014 | araorane2@gmail.com

Career Objective

To work in an environment which encourages me to succeed and grow professionally where I can utilize my skills and knowledge appropriately & contribute to the growth of organization as well as self.

Career Summary

Cybersecurity professional with 4+ years of experience in Security Operations, Incident Response, SIEM, and Endpoint Detection. Proficient with tools like Google Chronicle SIEM, CrowdStrike EDR, and ARCON PAM. Currently working at client side as a Security Consultant, handling real-time threat detection, SOC monitoring, and incident triage. **completed CEH (Certified Ethical Hacker)** to enhance offensive and defensive security skills.

Professional Experience

Client: NUVAMA – Sequretek Pvt. Ltd

Designation: Security Consultant | **Duration:** Jan 2024 – Present (Currently deployed on client side)

Responsibilities:

- Managing day-to-day SOC operations at client site, acting as Incident Responder and Security Operations Lead.
- Hands-on with **Google Chronicle SIEM** - **Google SecOps** for real-time threat detection and hunting.
- Monitoring and alert triage using **NetEnrich MDR platform**, responding to high-severity incidents.
- Investigating alerts from **CrowdStrike EDR**, correlating endpoint activity with SIEM data.
- Coordinating with cross-functional teams for incident containment and root cause analysis.
- Performing integration of devices and connectors with SIEM and logging platforms.
- Utilizing **ARCON PAM** to monitor and secure privileged user activity.
- Maintaining incident documentation, generating weekly/monthly reports, and participating in RCA and improvement planning.

Tools & Technologies: Google Chronicle, NetEnrich MDR, CrowdStrike, ARCON PAM, Azure, MITRE ATT&CK, Proxy logs, Firewall logs.

Sequretek Pvt. Ltd

Designation: Security Analyst | **Duration:** Dec 2021 – Jan 2024

Responsibilities:

- Provided security monitoring and incident analysis using ArcSight ESM and XDR platforms.
- Handled threat intelligence and malware analysis using multiple tools: FireEye, Sophos, Symantec ATP, CrowdStrike, Palo Alto, and SonicWALL.

- Created reports (daily/weekly/monthly) and collaborated with L2/L3 teams for incident escalation and closure.
- Log correlation from firewalls, endpoints, proxies, and cloud platforms.
- Supported Azure cloud environments for basic monitoring and investigation.
- Offered 24x7 on-call support and contributed to connector setup and device onboarding in SIEM.
- Worked on various client environments while on service provider side.

Tools & Technologies: ArcSight, CrowdStrike, Microsoft Azure, MITRE ATT&CK.

Reliance JIO Infocom Ltd

Designation: Deputy Manager (Home Connect) | **Duration:** Oct 2020 – Jun 2021

- Led a team of 50+ engineers for router-based home networking and fault resolution.
- Coordinated with maintenance and construction teams to support end-customer connect.
