AMAN KUMAR CHOUDHARY

Aspiring Analyst | BCA – Data Science
Faridabad, Haryana | +91 9540203874 | krchoudharyaman@gmail.com | linkedin.com/in/amkran/

SUMMARY

Detail-oriented BCA (Data Science) graduate with experience in data handling, structured documentation, research projects, and data-focused internship programs. Skilled in maintaining accuracy, following detailed guidelines, and working with large datasets using Excel, Python, and SQL. Strong written and verbal communication skills with the ability to perform repetitive, quality-critical tasks consistently. Interested in data analytics, business intelligence, reporting roles.

SKILLS

Productivity: MS Excel, MS Word, PowerPoint, Google Suite
Data & Analytics: SQL, Excel, Power BI, Data Cleaning & EDA
Database Management: MySQL, MongoDB
AI/ML: TensorFlow, ML model development, Data preprocessing, Data labeling, Model training
Soft skills: Attention to detail, clear written & verbal communication, time management, ability to follow structured guidelines

EXPERIENCE

Data Analytics Intern
Apr – Jun 2026 · 3 mos

EduSkills Foundation | Remote

- Performed data cleaning and analysis using Python, SQL, and Power BI.
- Created dashboards and reports to explore and understand data insights.

Research Intern
Feb 2026 – Present · 5 mos

Indian Institute of Information Technology (IIIT) Dharwad | Remote

- Working as part of a student research team on topic- Generative AI and Quantum Computing, contributing to research, review, documentation, and ideation.

AI Intern – TechSaksham (Microsoft & SAP CSR Initiative)
Mar 2025 · 1 mo

Edunet Foundation | Remote

- Built an AI Powered Medical Diagnosis System involving ML model development for healthcare data, gained hands-on exposure to labelling, preprocessing, and structuring real-world datasets.

Intern – Admissions Department
Apr – Jul 2025 · 4 mos

Lingaya's Vidyapeeth | Faridabad, On-site

- Maintained structured records of all interactions and handled applicant communications via email and phone.
- Participated in information sessions, demonstrating strong verbal communication and ability to work under supervision.

PROJECTS

Heart Disease Prediction
Python · TensorFlow · Streamlit

- Performed data preprocessing and labelling on a healthcare dataset (~300 records) to identify and classify risk factors including age, cholesterol, and blood pressure.
- Built a predictive ML model and deployed a Streamlit app- direct experience structuring and validating data labels for model training.

Sales & Revenue Analysis
SQL · Python

- Analysed 9994 Superstore orders using SQL (JOIN, GROUP BY, CASE) to identify revenue trends, top customers, and category performance.
- Identified underperforming regions and high-discount (30%+) orders causing losses- provided pricing insights.

Virtual Job Simulations – Data Analytics & Visualisation
Forage | Deloitte · Quantium · Tata Group

- Performed customer segmentation, sales trend analysis, and data cleaning on structured datasets.
- Built dashboards and visualisations to communicate business insights and recommendations.

EDUCATION

Bachelor of Computer Applications (BCA) – Data Science
2023 – 2026

Lingaya's Vidyapeeth, Faridabad | CGPA: 8.8

CERTIFICATIONS

Programming with Generative AI (IIT) • **Foundations of Data Science** (Google) • **Python Programming** (IBM) • **Databases & SQL for Data Science** (IBM) • **Power BI Data Analyst** (Microsoft)

EXTRACURRICULAR

Stage Committee – Member & Subhead 2023–2025 (3 years)

Lingaya's Vidyapeeth Zest Annual Fest

Coordinated stage operations across a large annual event, demonstrating structured execution, teamwork, and communication under time pressure.
