PROFILE SUMMARY

Technology professional with 13+ years delivering enterprise IT Infrastructure programs in regulated **BFSI/NBFC and consulting services** environments. **Core strengths include data center** migrations, **DC-DR strategy** and execution, **network** transformation, **compute/storage/virtualization** upgrades, **cloud** readiness, and **ITIL-based service delivery**. Experienced in **PMO governance**, budgeting/forecasting, **RFP/RFQ** and vendor management, regulatory alignment (**RBI Master Directions**), UAM/privileged access governance, **IT Incident** Management and audit readiness.

Recognized for **non-disruptive cutovers**, **service stability, and stakeholder management across CXO, technology, and operations.**

CORE COMPETENCIES

- **Data Center Migration**, DC-DR Design & Drills, **Cloud** Readiness, **Migration** Planning & Cutover
- **Network Transformation** (WAN/SD-WAN/Wi-Fi, WLC, Access Point/Firewall and security peripherals)
- **Collaboration/Unified computing:** Email, MS Teams, VC/IPT, Video Infra, Enterprise mobility
- **Workspace/EUC:** Laptops, desktops, VDI/AVD, MDM, endpoint security, patching, asset lifecycle
- **Compute/Storage/Virtualization Upgrades & Backup**
- **Monitoring/Observability:** Infra monitoring, logs, alerts, performance and capacity management
- **ITSM/ITIL (Incident/Problem/Change)** & **RCA** Governance
- **Service Delivery**, **Managed Services & SLA/KPI** Governance
- **UAM & Production Access** Controls; Security Governance
- **PMO, Budgeting, Risk & Vendor/OEM/Contract** Management
- **RFP/RFQ**, **Executive Dashboards & Reporting**, **RBI master direction**, Policy, SOP & **Audit** response
- **Tech Due Diligence, As-Is/To-Be Analysis, IT -DC Capacity and Gap Assessment**
- **Project Management tools:** Oracle PPMS, JIRA, MS Project, Trello (Planning, Tracking, RAID)
- **Documentation & Reporting: MS Office** Excel, PowerPoint, SharePoint etc.
- **IT Service Management:** ServiceNow, HPSM, Symphony Summit (Change/Incident/SR & Asset-Inventory)

EDUCATION

- **MBA Operations Management** | D Y Patil University (2014–16)
- **B.Sc. IT** | University of Mumbai (2008–11)

CERTIFICATIONS

- **CSM** – Certified Scrum Master
- **Prince2** Foundation & Practitioner Certificate in Project Management
- **ISO Certified Internal Auditor** – QMS, EMS (9001:2015,14001:2015)
- **Six Sigma** – Green & Yellow Belt Professional
- **PMP** Certificate Training
- **ITIL v3** Foundation Training

AWARDS AND RECOGNITION

- **'Live the Dot' Award** - **Deloitte India** (2023): Recognized for leadership, collaboration, and client-centric delivery on high-impact engagements – NBFC clients
- **Top CSAT/VOC Performer** - **NTT India** (2020–2021): Recognized by key clients for superior customer experience and service quality
- **Star Performer Award – Bank of Baroda Project (2013):** Recognized for driving customer satisfaction and operational effectiveness in a key banking engagement
- **MBA Topper - Operations Management, D.Y. Patil University (2016):** Awarded for top academic performance

PROFESSIONAL EXPERIENCE

Manager – Tech Strategy & Transformation | Deloitte India | Sept 2025 – Present

- Leading **multi tower Data Center migration** & **Infra modernization programs** for leading banks; ensuring application cutovers for critical banking systems with zero/minimal disruption
- **Owned end-to-end program management** (scope, schedule, budget, risks) and **CXO-level reporting**; improved delivery predictability and governance compliance
- Established **infra governance frameworks** aligned **to RBI/ISO**, delivering **PMO controls, risk logs, RAID, and stakeholder governance**
- Performed **tech due diligence, as-is/to-be analysis, and gap assessments** across infra and applications, recommended **modernization roadmaps for legacy system and infrastructures**

Assistant Vice President –IT Service Delivery | SMFG India | Feb 2024 – Aug 2025

- **Managed Infra-led project** activities covering planning, RAID management, stakeholder interaction and vendor alignment for **100+ projects/initiatives (IT Stability Program)**
- Owned **DR readiness, DC DR documentation, replication** checks, runbooks, and periodic DR drills ensuring minimal disruption to the core business applications and zero end user impact
- **Led IT Service Delivery, Managed Services**, **User Access Management** (UAM), and **Incident/Problem/Change** Management for business-critical lending platforms (LOS & LMS)
- **Coordinated with credit, operations, risk, and fintech vendors** to **streamline workflow** processing
- **Drove RCA and corrective/preventive actions production issues**; strengthened monitoring and governance to sustain **99%+ system availability**
- **Authored BRDs/SOPs/process documentation for lending systems,** ensuring alignment with RBI Master Directions and internal risk/governance standards
- **Implemented stability initiatives and continual service improvement** programs; improved SLA/KPI adherence and reduced downtime for lending operations
- Partnered with **audit, risk, and compliance** functions for assessment, audit readiness, and remediation closure; ensured disciplined change governance

Manager – Tech Strategy & Transformation | Deloitte India | Jun 2022 – Feb 2024

- **Led infra transformation** (Server modernization, **DC-DR deployment**, Cloud adoption, System Stability)
- **Delivered strategy and transformation** program for BFSI/NBFC clients include technology modernization, platform assessments, and roadmap execution
- **Partnered with CXO leadership of a leading NBFC to drive IT modernization**, data center strategy, governance programs, and technology roadmap aligned to business growth
- **Conducted due diligence and infrastructure/application assessments**; authored process frameworks, approach notes, and regulatory-aligned documentation for digital lending
- **Managed multi-phase program financials, resources, and risks; instituted PMO governance** and reporting for predictable delivery
- Developed **executive dashboards**, **RFPs**, proposals, and high-level solution designs for cloud migration and application modernization
- **Managed Cyber Incident Response** and **Business Resumption** Program (BRP) for a major NBFC client, protecting critical lending and customer-facing services

Technical Services Manager | NTT GDC India | Dec 2021 – Apr 2022

- **Directed global Infra delivery** across APAC/EMEA/US regions managing transitions, migrations programs
- **Handled MBR/QBR** governance, **incident escalations**, stability tracking and vendor performance
- **Aligned change windows and production controls** for banking/enterprise applications supporting digital operations
- **Maintained high CSAT/VOC**; led revenue realization and collections through disciplined delivery and stakeholder management

IT Infra Senior Project Manager | MITS Global | Feb 2021 – Aug 2021

- **Delivered IT Infrastructure** program for BFSI client including secure and **scalable 3-tier architectures**
- **Managed the full project lifecycle** covering **scope, schedule, cost, risks, and quality**
- Governed FRD, **RACI**, and issue/risk registers, ensuring alignment across technology, operations, and business teams
- **Led Agile ceremonies** and sprint execution to drive coordinated and timely Infra delivery
- Handled **stakeholder** management, documentation, budgeting, and resource planning for Infrastructure initiatives

Project Manager | NTT Ltd. | Sept 2018 – Jan 2021

- **Managed large-scale infrastructure programs** including WAN/SD-WAN, wireless, firewall, and **Data Center upgrades** for BFSI, Enterprise, Manufacturing, Software and various industry clients across India geography
- **Delivered Bank of India's nationwide network and data center refresh across 5000+ branches** with minimal disruption to business operations
- **Led end-to-end delivery for the Reserve Bank of India's data center augmentation** (Primary, DR, Test/Dev) ensuring application readiness and non-disruptive cutovers for critical banking workloads
- Maintained comprehensive **risk registers** and proactive mitigation; **achieved strong CSAT/VOC** outcomes
- **Conducted steerco meetings and handled CXO**-Leadership reporting, client escalations and project documentation

Project Manager | Fluous Solutions Pvt. Ltd | Jul 2016 – Jul 2018

- **Led end-to-end project lifecycle** for HRMS payroll application and its mobile platforms on a secure, high-availability 3-tier infrastructure with **DC-DR resilience**
- **Managed a 15+ member cross-functional team** across development, BAU support, and DC support teams
- **Developed SOPs, governance frameworks**, regulatory documentation, and user guides to support compliant delivery
- Enforced structured change control (RFC) and ensured disciplined releases across environments
- **Coordinated infrastructure teams and vendors for environmental readiness**, UAT cycles, and controlled production cutovers
- **Oversaw project financials, budgeting**, and resource allocation to ensure cost-efficient delivery
- **Led CXO-level reporting and presentations** for the **Bank of Baroda** client

Project Management Officer | Learning Point, Mumbai | Feb 2016 – Jul 2016

- **Delivered Android and web-based e-learning platform** with strong scope, cost, schedule, and resource governance
- **Led daily stand-ups, tracked progress via RAID logs**, and resolved execution dependencies
- **Managed staging and UAT infra setup**, testing cycles, and **production deployment**
- Prepared **project charters**, rollout plans, MIS reports, and supported client and **board presentations**
- **Provided team coaching** and created **functional documentation** for smoother execution

Early Career (2011–2014) Wipro Infotech | Harjai Computers | Nirmal Datacomm | Career Academy

- Managed **IT server administration**, **datacenter** operations, desktop/application, end user support for BFSI, government, and corporate clients across Mumbai region
- Ensured **IT uptime, managed BAU operations,** Ensured Asset security compliance as per IT Security guidelines
- Handled **network infrastructure support**, **server hardware/software AMC**, and enforced SLA-based service governance
- **Led Software and Hardware Asset Reconciliation** program for leading BFSI client
- **Ensured high customer satisfaction across all client deliveries and end user support**
