EXPERIENCE

Senior Analyst, *KPMG India* 04/2025 – Present
- Evaluated IT risks, ensured regulatory compliance, and proposed mitigation strategies
- Communicated audit findings and control gaps to stakeholders to support remediation, supported risk decisions, and mentored 5 junior auditors.
- Critically assessed core IT controls (access, change, and operations) for data integrity, security, and compliance.
- Supported audits across IAM, incident response, and system operations domains.

Senior Analyst, *KPMG Global Services (US Region)* 06/2025 – 12/2025
- Led audit walkthroughs, status, and client calls assessing IT control design, effectiveness, and remediation
- Led comprehensive UARs and detailed SOC report analyses across 25+ tools and applications.
- Developed a strong understanding of SOX control environments.
- Performed ITGC testing (Access, Change, Program Development, Operations), ensuring SOX 404 and internal audit compliance.

Analyst, *KPMG* 07/2023 – 03/2025
- Tested ITGC and SOC 1 & 2 controls for cybersecurity and infrastructure environments.
- Conducted IT risk assessments, identifying gaps in access, change, and security management.
- Supported audits of the effectiveness of access controls and compliance measures.
- Enhanced audit documentation standards

Intern, *KPMG* 01/2023 – 06/2023
- Managed audit activities leveraging knowledge of IT processes.
- Assisted in IT audits for multiple clients, contributing to mitigating identified risks.
- Supported client meetings with relevant audit queries and audit findings documentation
