ABOUT ME

I am a Flutter Developer with 3 years of experience in building mobile applications for both Android and iOS. I have worked on feature development, UI design, API integration, state management, and app performance optimization. I am comfortable with REST APIs, Firebase and third-party integrations. I enjoy writing clean, maintainable code and delivering user-friendly apps."

TECHNICAL SKILLS

- Dart (Flutter)
- React Native
- GIT, GITHUB & Bitbukit
- Postman

SOFT SKILLS

- LEADERSHIP
- QUICK LEARNER
- HARDWORKING
- EAGER TO EXPLORE NEW TECHNOLOGIES

EDUCATION

Master of Computer Applications (M. C. A)

DAVIM College (M. D. U) Faridabad, Haryana

Duration: 2019 - 2022

Bachelor of Computer Applications (B. C. A)

D. A. V. Centenary College (M. D. U) Faridabad, Haryana

Duration: 2015 - 2019

LANGUAGE

English Hindi

WORK EXPERIENCE

Flutter Developer

SAITEC INTERNATIONAL COMPUTER CONSULTANTS, NOIDA

SEP 2022 - PRESENT

- Built and maintained cross-platform mobile apps with Flutter, making sure they ran smoothly and consistently on both Android and iOS devices.
- Transformed UI/UX designs into responsive, user-friendly screens using Flutter widgets, custom animations, and reusable components to keep the app clean and easy to maintain.
- Connected the app to RESTful APIs, Firebase, and various third-party services to support real-time data, secure authentication, push notifications, and analytics.
- Improved overall app performance by cutting down unnecessary widget rebuilds, optimizing API requests, and applying efficient state-management tools like GetX.
- Worked closely with product managers, designers, and backend developers to turn ideas and requirements into well-built, practical app features.
- Wrote clean, readable code and contributed to code reviews to maintain high coding standards across the team.
- Managed app releases on both the Google Play Store and Apple App Store, including handling version updates, deployments, and release notes.
- Added unit and widget tests to boost app reliability and helped reduce production bugs by around 30%.

Flutter Developer (Intern)

KNIT INFOTEC, NOIDA

6 Months

- Transformed UI/UX designs into responsive, user-friendly screens using Flutter widgets, custom animations, and reusable components to keep the app clean and easy to maintain.
- Improved overall app performance by cutting down unnecessary widget rebuilds, optimizing API requests, and applying efficient state-management tools like GetX.

PROJECTS

Fleet Tracker (GPS Tracking of Trucks) :-

About: Track and monitor entire transportation fleets in real-time (trucks, cars, bikes, etc.).

Key Modules / Features:

- Real-time GPS vehicle tracking
- Live map with route history & playback
- Fleet overview dashboard
- Driver info & vehicle details management
- Geofencing & notifications
- Trip summary and analytics
- Alerts for over speeding, idling, stoppage

Consolidate Tumble Dry (Laundry Service App) :-

About: Laundry & Dry-Cleaning Management App

Key Modules / Features:

- Service selection: washing, ironing, dry clean
- Order placement & pickup scheduling
- Pre-processing, cleaning, ironing, packing stages
- Real-time order status tracking
- Dispatch & delivery management
- Order history & invoice generation

ACCEX (Event & Ticket Booking App) :-

About: Global Event Management & Ticketing Platform.

Key Modules / Features:

- Event listings & detailed event pages
- Exhibitor profiles & contact management
- Ticket booking & QR-based check-in
- Event agenda, schedules & reminders
- Payment management for exhibitors
- Photo gallery & media access
- Real-time updates & announcements

COOLCARE (Order Management App – Zambia) :-

About: Beverage Ordering & Cooler/Fridge Management App

Key Modules / Features:

- Product catalog: beverages & energy drinks
- Order placement with delivery scheduling
- Cooler/Fridge request & management module
- Order history & real-time status updates
- User profile & location management
- Push notifications for order updates

Ajay Unnati / Ajay Pipes App :-

About: Product Information & Distributor Support App

Key Modules / Features:

- Complete product catalog with specs
- Distributor & retailer locator
- Customer support & contact module
- Exclusive discounts & promotions
- Company info & updates
- Easy access to product manuals & brochures
- User profile for distributors/retailers
