Proven ability to convert business strategy into high-impact execution through advanced analytics, campaign leadership, digital transformation, and regulatory modernization. Recognized for building scalable growth engines, optimizing customer experience, and delivering measurable business outcomes.

CORE COMPETENCIES

• Enterprise Program Leadership • Data & Digital Transformation • Marketing & Growth Strategy
• Advanced Analytics & BI • Campaign Management • Revenue Optimization
• Customer Experience & CRM • Regulatory & Governance Programs • Stakeholder Leadership
• PMO & Change Management • Technology Enablement • Performance & KPI Management

PROFESSIONAL EXPERIENCE

Axis Bank Ltd, Mumbai
Assistant Vice President- Consumer Banking
Since Sep 2017 – July 2025

Digital Transformation

- Owned end-to-end digital transformation strategy from ideation through execution, aligning technology initiatives with business growth and customer experience objectives.
- Designed and executed enterprise digital roadmaps modernizing core platforms, customer journeys, and operational systems.
- Directed complex, multi-stakeholder digital programs with full accountability for scope, timelines, budget, risk, and business outcomes.
- Established strong delivery governance, success metrics, and execution frameworks ensuring consistent on-time, on-budget, high-quality delivery.
- Architected scalable, secure, and future-ready digital platforms supporting long-term business growth.
- Provided technical leadership and mentorship to engineering and product teams, significantly raising delivery maturity and technical excellence.
- Enforced best practices across software development, DevOps, cybersecurity, and data governance.
- Acted as strategic advisor to senior leadership, translating business priorities into high-impact digital solutions.
- Built strong partnerships with business units, vendors, and technology partners to accelerate innovation and execution.
- Recruited, developed, and scaled high-performing digital teams, fostering a culture of innovation, accountability, and continuous learning.

Project Management

- Led end-to-end delivery of large-scale **digital and non-digital projects** across multiple business functions, ensuring on-time, on-budget execution.
- Directed complex programs involving **technology deployment, process re-engineering, and business transformation**, driving operational efficiency and growth.
- Established project governance frameworks, **PMO standards**, KPIs, and reporting mechanisms to improve delivery consistency and transparency.
- Managed cross-functional and geographically dispersed teams, fostering collaboration between business, technology, operations, and external partners.
- Successfully delivered **digital transformation initiatives** including platform modernization, automation, CRM implementations, analytics programs, and digital campaign rollouts.
- Oversaw complex **regulatory transformation programs**, streamlining processes, enhancing governance frameworks, and reinforcing financial system stability and compliance.
- Spearheaded traditional/non-digital initiatives such as organizational restructuring, workflow optimization, vendor transitions, and large-scale operational programs.
- Drove rigorous **risk, issue, and change management**, ensuring project continuity and stakeholder alignment.

- Controlled budgets, forecasts, resource allocation, and vendor performance for multi-crore project portfolios.
- Acted as trusted advisor to senior leadership, translating business strategy into executable roadmaps and measurable outcomes.
- Improved project delivery success rates through adoption of **Agile, Waterfall, and hybrid methodologies** based on project needs.

Data & Business Analytics

- Led advanced **data and business analytics initiatives** to drive strategic decision-making, operational optimization, and revenue growth.
- Designed and implemented enterprise analytics frameworks, dashboards, and performance metrics for leadership and business teams.
- Translated complex datasets into actionable insights, improving forecasting accuracy, customer acquisition, retention, and profitability.
- Partnered with business leaders to identify high-impact analytical use cases across sales, marketing, finance, and operations.
- Enabled data-driven culture by standardizing reporting processes, governance models, and quality controls.
- Leveraged predictive and diagnostic analytics to uncover trends, risks, and growth opportunities**.**
- Served as **strategic advisor to senior leadership and regulatory stakeholders**, providing program governance, risk oversight, and strategic direction, including alignment with the **RBI's regulatory modernization initiatives**.

Digital Campaigns & Transformation

- Spearheaded **digital transformation programs** across marketing, operations, and customer experience functions.
- Led end-to-end execution of large-scale **digital campaigns**, improving brand visibility, customer engagement, conversion rates, and ROI.
- Oversaw implementation of CRM platforms, marketing automation tools, customer data platforms, and digital ecosystems.
- Optimized digital channels including web, mobile, social, paid media, and performance marketing.
- Championed change management initiatives ensuring adoption of new systems, processes, and operating models.
- Drove innovation by aligning emerging technologies with business strategy and market needs.

Revenue Management

- Owned enterprise **revenue growth strategies** across pricing, product mix, channel optimization, and market expansion.
- Identified and executed revenue improvement opportunities through data-driven insights and cross-functional collaboration.
- Strengthened forecasting models and revenue pipelines, improving predictability and financial performance.
- Partnered with sales, marketing, finance, and operations teams to maximize lifetime value and profitability.
- Led performance management initiatives tied directly to topline growth and margin expansion.
- Delivered sustained revenue acceleration through operational excellence and strategic execution.

Vodafone India, Mumbai
Senior Manager – Data Transformation & Campaign Management
May 2007 – Sept 2017

Campaign Management & Analytics

Campaign Strategy, Growth & Customer Engagement

- Led strategic planning and execution of enterprise marketing campaigns aligned to core business objectives including **Retention, New Acquisition, Contextual Communication, and Communication Frequency Optimization**.
- Conceptualized and designed high-impact **D2C marketing campaigns** to drive customer spend, revenue growth, and accelerated digital acquisition.
- Orchestrated large-scale **multi-channel marketing programs** leveraging email marketing, mobile (SMS / notifications), and performance media across Facebook, Instagram, and Google Ads.
- Converted deep consumer insights and advanced analytics into actionable marketing strategies that consistently generated measurable customer and business value.

Marketing Analytics, Technology & Decision Enablement

- Served as key **liaison between Marketing and Technology**, translating business objectives into data and technical requirements while resolving complex data challenges.
- Owned end-to-end **marketing reporting and performance monitoring** in partnership with Analytics teams, delivering real-time visibility for leadership and channel owners.
- Enabled faster, data-driven decision-making by providing **real-time reports, projections, and optimization insights** across channels.
- Designed and implemented a **Linear Programming optimization model** to create optimal weekly CRM calendars and drive efficient **budget allocation** for social prospecting channels.

- Built executive-level **dashboards and performance reports** using Adobe Analytics and Report Builder, delivering clear and actionable insights for stakeholders.
- Led creation of **monthly and daily traffic targets** and detailed traffic planning for all digital channels and categories.
- Acted as **Single Point of Contact** for all ad-hoc marketing analytics, data requests, and performance deep-dives across Adobe Analytics and marketing metrics.
- Conceptualized and operationalized a **customer segmentation framework** enabling CRM channels to convert recent buyers into high-frequency customers.
- Directed analytics-driven transformation projects including **automation of daily MIS reporting** using Data Studio and Tableau, and continuous industry and competitor benchmarking.

Transformation and Recognition

- **Transformed** Campaign Capabilities: Delivered a major transformation project to enhance Vodafone India's campaign capabilities across various outbound/inbound conventional and digital channels, resulting in an increase in campaign reach and engagement.
- **Awarded** "Best Employee": Conferred with the "Best Employee Award" for outstanding performance in the FlyTxt Rollout Work, recognizing exceptional contributions and achievements.
