Bhuvnesh Giri

Cyber Security Analyst
Mob. No. +91 9627879789 | Email: - bhuvnesh.giri.9615@gmail.com | LinkedIn: - Bhuvnesh Giri

Technology & Software Skills

- **VAPT** Penetration Testing | Web App Auditing | OWASP top 10 | DDOS
- **Application Security** Dynamic Analysis | API Auditing | Network Interception
- **Security Auditing** CIS Benchmarks | Custom Compliance Audit Files
- **Network Security** TCP/IP | OSI | Server Security | DNS | Firewall
- **Server Security** Domain Security | Mail Security | HTTP Headers Addressing
- **Information Security** Compliance Framework (Basics) – HIPAA, PCI-DSS, GDPR, NIST, ISO 27001
- **Digital Forensics** Logs | System Maintenance | Risk & Disaster Management
- **Tools, OS** Windows | Kali Linux | Wireshark | NMAP | Metasploit | Nessus
- **Scripting Language** Shell Scripting | Python | QA Automation | Java

Experience

Cyber Security Analyst (Dec 2021 – Jan 2023)
Webmobril Technologies Pvt. Ltd.

- Performed VAPT on 24 web applications for finding vulnerabilities using automated as well as manual tools.
- Documented 50+ vulnerabilities including DOS, Mail Impersonation, etc. for 24 different projects.
- Configured organization's network to fix 2 domains to ensure mail security.
- Shaped 15+ documents related to minutes of meetings based on vulnerability analysis reports.
- Developed an automation tool with python for auditing 10+ security analysis including Port scan, DNS Scan, etc.

Security Analyst (Feb 2023 – till Date)
Motherson Technology Services Ltd.

- Maintained Infrastructure Security actively of 40+ companies consisting of 45,000+ machines.
- Conducted Breach and Attack Simulation Audits for 8 companies improving risk score by 88%.
- Monitored Vulnerability Management for more than 44,000+ workstations, 2000+ servers, and network devices.
- Conducted Application Security Scans for 90+ web applications.
- Conducted Infrastructural Penetration Testing on 2 different servers including DC.
- Supported external organization regarding Penetration Testing of 12 web applications.

Certifications

- **CEH v12** (Certified Ethical Hacker)
- **CISCO Cyber Security Essentials**
- **ICSI – CNSS** (Certified Network Security Specialist)
- **COMPTIA Linux+ Cert Master Learn**
- **Cloud Computing AWS** (LetsUpgrade)
- **Cyber Security & IOT** (Coursera)

Education

Bachelor of Technology in Computer Science and Engineering (May 2018 – May 2022)
LPU | Jalandhar, Punjab | | 7.12 CGPA

- Specialization in Cyber Security and Computer Networks.
- Developed a Python Chatbot in 2nd year.
- 4th Year of bachelor's was full CO-OP | Worked in Webmobril Technologies Pvt. Ltd. as a Cyber Security Intern.

Projects

Tenable SC Vulnerability Management (Mar 2023)
VM | Infrastructure Security Deployment
- Managed deployment of Nessus in Group Companies Infrastructure containing 1,00,000+ devices.

Webmobril Web (December 2021)
VAPT | Manual VAPT, NMAP, SlowHTTPTest, Nessus, BurpSuite, Shodan, etc.
- Audited the Webmobril website to find 3 critical and 4 medium level vulnerabilities.
- Enhanced security by fixing 2 domain and server configuration related threats.
- Coordinated the developers regarding the secure modification of the code to fix the remaining 5 threats.

Cyber Security SOP (February 2022)
- Concluded 15 most common vulnerabilities including OWASP top 10.
- Discussed the action for remediations for all 15 to improve security and delivery time of the projects.

Website Reconnaissance Automation (August 2022)
Python | Libraries: - Nmap, Shodan, Mxtoolbox
- Formulated an automation tool for the reconnaissance of 10+ different security aspects.
- Listed reconnaissance information: - Nmap port scan, Shodan domain scan, 10+ different Mxtoolbox scans.

Extracurricular Activities

Member| OWASP LPU Club

- Working actively to provide suggestions and contribute to 3 different cyber security sessions of OWASP.
- Shared the experience of journey in Cyber Security to contribute to the community of 160+.
