SUMMARY

- Chartered Accountant with 9 years of experience across digital lending and financial services
- Led agile product development across development squads, creating industry first solutions across lending and credit underwriting
- Defined strategic vision, roadmap, and managed cross-functional stakeholders to ensure delivery of high impact digital products

EXPERIENCE

Senior Product Manager **01/2022 - PRESENT**

Piramal Capital & Housing Finance Limited (NBFC)

- Spearheaded the planning and direction for the digital lending suite, ensuring that product development met business goals and market needs for financial products like business loans, used car loans, and mortgages (Successfully enabled the STP journey in UCL product, resulting in approx. 22% of cases being auto-approved and 35% auto-rejected, significantly enhancing operational efficiency.
- Led migration of lending journey from Salesforce to internally managed system, resulting in INR 1.8 Cr cost saving per year by reducing usage of every 400 users)
- Owned development roadmap of Business loan, used car, and Mortgage products, and deployed a customer feedback driven process to ensure constant updation of the roadmap
- Managed and implemented agile best practices across 2 squads (BA, Developers, UAT) to maintain delivery timelines, and ensure first in market solutions
- Built an AI-driven application to assist UAT & QA teams by auto-generating positive and negative test scenarios from Jira user stories.
- Ensured regulatory compliance across all digital lending products, adhering to regulations, Implemented Key Fact Statements (KFS) across all lending products .
- Collaborated with internal teams and external partners to integrate new APIs and data solutions, optimizing product performance and market fit (e.g., digitalizing FI Verification, Valuation integration for income and banking details, and various other verifications). Reduced average decision TAT from ~72 hours to 36 hours, contributing to a more efficient lending process for unsecured business
- Conducted user training sessions and developed 100+ user advisories for new implementations
- Launched New Product Variants: Introduced higher-ticket loans, balance transfer top-ups, and other product variants, leading to a business growth of over 20%
- Led a customer support transformation initiative focused on reducing agent dependency and improving customer experience via self service (Mobile app).

Senior Credit Manager **09/2019 - 12/2021**

Kotak Mahindra Bank (Banking)

- Conducted credit appraisals for 500+ mortgage proposals, ranging from 1 crore to 10 Crore.
- Led a cross-functional team to digitalize the loan appraisal process by integrating vendors like Perfios, Finfort, and VAK.
- Steered stakeholder workshops to identify process improvements. Reduced TAT by ~30% while maintaining credit quality and ensuring risk coverage.

Credit Manager **01/2017 - 09/2019**

Fullerton India (NBFC)

- Expertise in analyzing credit data, financial statements, industry analysis reports to understand the degree of risk involved in extending credit
- Credit Analysis of various profiles for extending home loan credit as per policy.
