SHRUTI GOEL

SUMMARY

Infrastructure Leader with more than 15 years of work experience in multiple FinOps Organizations. Lead SRE for Observability framework in large-scale systems reliability and cloud transformation. Proven record of success in **on-prem to AWS cloud migration**, global production support (including **APAC**), and the implementation of performance monitoring solutions for **distributed systems**.
Strong technical leadership in DevOps environments, with the ability to collaborate across multicultural, international teams. Known for reliability, operational excellence, and structured problem-solving aligned with SRE best practices.

EXPERIENCE

SENIOR PROJECT MANAGER 08/2016 to Jan 2026
Macquarie Global Services, London, UK

- **Global SRE Leadership:** Lead 24/7 reliability for financial services across EMEA/APAC, directing the migration of legacy monitoring to **AWS SaaS**, **Splunk**, and **Elastic** architectures.
- **Observability & AIOps:** Architected hybrid-cloud monitoring stacks using **OpenTelemetry, New Relic, Prometheus, Azure Monitor, & Grafana**; integrated **AIOps** agents and GitOps into CI/CD to enable automated remediation.
- **Infrastructure as Code (IaC):** Leveraged **Terraform, Helm, and Ansible** to automate Kubernetes deployments and configuration compliance, streamlining cross-regional workflows.
- **Strategic Collaboration:** Partnered with 5+ global teams to define **SLOs/SLIs, finalized RCAs** and developed automation in **Python**, Go, and Bash to support global change governance.

SR SOFTWARE ENGINEER 09/2010 to 08/2016
Fidelity International, India

- Managed multiple non-production environments (SIT/UAT/PERF) for availability and usability purpose
- Planned and executed database backups, data masking, database refreshes, post refresh activities and Application health checks, till Environment Handover.
- Provide analytical support to continuously identify gaps, project opportunities, and solution for multiple Retail applications. Efficient in Incident and change management. – ITIL V3 certified
- Application Recovery plans Management and coordination
- Application decommissioning (IW correspondence), Application on-boarding (Kofax etc.)
- Disaster Recovery Management of existing system WebFocus, XTRAC, IW, and FileNet and developed ARPs of new applications like CMIS, Kofax,
- Replaced Pivotal with Salesforce: Requirement analysis and documentation for Salesforce, Application administration and user management
- Participated in architecture, design and implementation of back-end features using C++, C# and Python.

- Explored and created new ways to resolve problems with processes, technology or team members to improve overall efficiency.

BUSINESS SUPPORT MANAGER 05/2009 to 09/2010
American Express, India

- Client Requirement Analysis, documentation and coordination
- Troubleshooting applications on functional and technical basis.
- Preparing project reports, UAT test cases and analysis graphs to be presented to stake holders
- Production Support of Ariba Buyer8.1, Click Commerce, Elance, COGNOS (Financial Reporting Tool)

SOFTWARE ENGINEER 08/2007- 05/2009
NTT DATA, India

- Worked on Healthcare Services Division (HSD) development project RAM tool
- Code analysis and reverse engineering from PROGRESS language to ASP 2.0
- Monthly reporting and Dashboard creation on SharePoint
- Knowledge sharing as a trainer
- Embedding Crystal Reports in the code. Code migration of extinct Crystal reports to BOXI

SKILLS

- SRE and Reliability Engineering: Distributed systems, incident response, SLO/SLA, performance tuning
- **Observability & Monitoring**: Splunk Core & ITSI, Prometheus, Grafana, custom alerting
- Cloud Engineering: AWS (EC2, S3, CloudWatch), Kubernetes, Docker
- Software Development: Python, Java, C#, .NET Core, Bash scripting
- Infrastructure and Automation : AWS, Ansible, Jenkins, CI/CD pipelines
- **Change and Release Management**: Risk assessments, rollback plans, and approval workflows
- Metrics-Driven: Data-focused mindset for decision making, rooted in-service level indicators and incident analysis
- **Clear communicator**: able to articulate complex technical concepts to cross-functional audiences

CERTIFICATIONS

- Professional Scrum Master
- AWS Cloud Solution Architect
- ITIL V3 Foundation

EDUCATION

Amity School of Engineering and Technology, GGSIPU, India
B.Tech, Computer Science, 2007
University Topper with 79 CPI
