Profile

Full Stack Developer with 7 years of experience designing and delivering scalable web, mobile, and SaaS applications. Skilled in modern JavaScript frameworks (React, React Native, Next.js, Node.js, NestJS) and backend systems using Java Spring Boot and .NET Core. Experienced in building microservices, secure APIs, and CI/CD pipelines on AWS and Azure. Strong focus on performance, developer experience, and product scalability while collaborating with global teams to deliver business value.

Core Competencies

JavaScript (ES6+), TypeScript, React, React Native, Next.js, VueJS, NuxtJS, Node.js, NestJS, Java Spring Boot, .NET Core, Microservices, PostgreSQL, MongoDB, Docker, CI/CD (Jenkins, GitHub Actions), AWS, Azure

Professional Experience

DevPeak Innovations — **Remote, India**
Full Stack Developer (Contract Based) — *Dec 2024 – Present*

- Developed SaaS-level applications for international clients with scalable microservices and secure deployment.
- Built and optimized mobile features using React Native, improving cross-platform development.
- Enhanced CI/CD pipelines using Jenkins and Terraform, improving release efficiency.
- Tech: Node.js, React, React Native, Docker, REST APIs, Spring Boot, PostgreSQL.

ProLegion — **Remote, India**
Software Developer — *Jan 2024 – Dec 2024*

- Contributed to the world's first IT vendor marketplace using the MERN stack.
- Improved database performance and API integrations across microservices.

BizTecno — **Chandigarh, India**
Software Developer — *Jan 2023 – Dec 2023*

- Delivered enterprise applications for BCG, including marketing SaaS platforms.
- Developed modules using React and React Native to support cross-platform features.
- Optimized frontend and backend API communication for improved system performance.

Freelance — **Remote, India**
Full Stack Developer — *Jan 2019 – Dec 2022*

- Contributed more than 4 Years as a FullStack Developer Project contract Freelance, contributed built industry level apps and websites.
- Gained hands-on experience building SaaS applications, banking applications, e-commerce platforms, and mobile apps using React Native.

Key Projects

Schedura Cloud: **Role: Full Stack Developer**
Tech: .NET Core, React, React Native, Azure Microservices, REST APIs, CI/CD
Description: Designed and developed a multi-tenant SaaS appointment system used by healthcare, legal, and salon businesses. Led backend microservices implementation and integrated secure APIs. Ensured scalability and optimized CI/CD pipelines for fast deployments.

FIPA (BCG Client): **Role: Software Developer**
Tech: Java Spring Boot, AWS, React, React Native, Jenkins, Microservices

Description: Contributed to a marketing publishing SaaS project for Boston Consulting Group. Built secure backend services and integrated authentication. Enhanced UI and workflows with React and React Native.

AutoDevKit: **Role: Full Stack Developer**
Tech: Next.js, Vue.js, NestJS, React Native, Google Cloud, Redux Saga, Jenkins
Developed a portfolio code-generator SaaS tool, enabling users to visually create portfolio websites and auto-generate production-ready Next.js code. Enhanced user experience and scalability.

PAAF (BCG): **Role: Full Stack Developer**
Tech: React, Angular, React Native, Node.js, MongoDB, REST APIs, JWT Auth
Description: Developed a multi-tenant Companies Management System for client onboarding, booking, and transactions. Implemented secure role-based access and rewrote UI from React to Angular based on client needs.

Eventura: **Role: Full Stack Developer**
Tech: React, React Native, Java Spring Boot, NestJS, MongoDB, Redux Saga
Created a nationwide booking platform for weddings and event services with real-time dashboards. Integrated payment gateway and developed scalable backend services.

Education

Panjab University — **Hoshiarpur, India**
Master of Computer Applications — *2020 – 2023*

H.P. University — **Dharamshala, India**
Bachelor of Computer Applications — *2017 – 2020*

Certifications

Java Microservices with Spring Boot – Google Cloud (2023)

Frontend Web Development – Johns Hopkins University (2022)

Full Stack Web Development Training – DevTown (2023)
