SUMMARY

AI-focused Software Engineer with hands-on experience in Machine Learning, Deep Learning, NLP, and LLM-based systems. Proficient in Python, PyTorch, LangChain, LangGraph, RAG pipelines, and Django REST Framework. Experienced in building AI agents, model training, resume-parsing pipelines, and interview automation platforms. Strong background in backend APIs and production-ready AI workflows.

WORK EXPERIENCE

Sensekore Technologies — AI Associate

Remote | January 2025 - December 2025

- Built AI-driven applications using Machine Learning, Deep Learning concepts, LLMs, and LangChain
- Designed Retrieval-Augmented Generation (RAG) pipelines for document search, semantic retrieval, and intelligent Q&A
- Integrated Google Gemini API, vector databases (Chroma, Qdrant), and embeddings for chatbot intelligence
- Worked on resume parsing, NLP-based information extraction, interview automation, and workflow orchestration
- Applied prompt engineering, Python scripting, and LLM tool calling for real-world AI agents
- Contributed to intelligent interview assistant systems with contextual memory and multi-step reasoning

Tecxon Technology — Android Development Intern

Noida | May 2024 - July 2024

- Developed Android applications focused on ride-sharing and productivity platforms
- Designed UI using XML and Jetpack components for responsive user experience
- Integrated Firebase Authentication, Firestore, REST APIs
- Collaborated on feature development, bug fixes, and performance optimization
- Tech Stack: Java, Kotlin, Android Studio, Firebase, REST APIs

SKILLS

- **Programming Languages:** Python, JavaScript, Java, Kotlin, C, C++, Dart
- **Machine Learning & Deep Learning:** Supervised & Unsupervised Learning, Neural Networks, AutoEncoders, Feature Engineering, Model Evaluation, Recommendation Systems, Cosine Similarity
- **NLP & LLMs:** Natural Language Processing, Embeddings, Transformers, Prompt Engineering, Retrieval-Augmented Generation (RAG), Conversational Memory, AI Agents.
- **Frameworks & Libraries:** PyTorch, Scikit-Learn, LangChain, LangGraph, Django, Django REST Framework, FastAPI, React
- **Databases:** SQL, MongoDB, Firebase, Chroma, Qdrant
- **Tools & Platforms:** Git, GitHub, Docker, VS Code, Excel, Advanced Excel (Pivot Tables, Lookups, Data Analysis), Google Sheets (Formulas, Reporting, Dashboards), Jupyter Lab

EDUCATION

MasterofComputer Applications (MCA)
Vivekananda Institute of Professional Studies, IP University, Delhi
2023 – 2025 | Percentage: 92%

Bachelor of Computer Applications (BCA)
Maharshi Dayanand University, Haryana
2020 – 2023 | Percentage: 86%

Senior Secondary (Class XII)
CBSE Board, Delhi
2019 – 2020 | Percentage: 86%

PROJECTS

AI Interview Agent — Python, LangGraph, Gemini

- Built an AI-powered Interview Agent using LangGraph and Gemini that guides employers step-by-step to create structured interview invitations (Job Role JD Question Kit Final Invitation).
- Designed and implemented a modular LangGraph flow with intent-based routing, state tracking, and sequential node transitions for JD generation, approval, kit creation, and final confirmation.
- Exposed the chatbot as a Django REST API, allowing integration with frontend clients and further automation of the interview scheduling pipeline.

AI Interview Platform — Python, LangChain

- Developed a smart interview assistant with resume parsing and NLP-based data extraction
- Implemented hybrid intent routing (RAG + LLMs + Agents) with contextual memory
- Automated candidate tracking and interview scheduling

Client Loyalty Recommendation System — Python, PyTorch

- Designed and implemented a recommendation system to detect clients with similar loyalty behavior on an interview platform.
- Utilized AutoEncoders with Cosine Similarity to capture and compare behavioral patterns effectively.
- Tech Stack: Python, Deep Learning, SQL, AutoEncoders, Flask, Scikit-Learn, PyTorch

CERTIFICATIONS

- **NPTEL Machine Learning Certificate**
- **IBM CSRBOX Certificate**
- **Graduate CLA Java Certificate (05/2021-08/2021)**
- **Aptron Android Certificate (06/2022-10/2022)**
- **Udemy Flutter Certificate**
