Punjab, IN

Gobind Singh

Software Developer | Full-Stack Engineer

SUMMARY

Full-Stack Developer specializing in **React.js, Next.js, JavaScript, and TypeScript** with experience building scalable web applications, RESTful APIs, and real-time data systems. Strong expertise in **frontend development, API integration, state management, and responsive UI design** using modern CSS frameworks including **Tailwind CSS, Bootstrap, Material UI (MUI), and Ant Design (AntD)**. Experienced in **MongoDB, MySQL, Firebase**, and backend development using **Java and Python**. Passionate about building high-performance, user-centric applications using modern web technologies.

EDUCATION

Masters of Computer Applications(M.C.A)

Aug '23 - Jun '25

Maharaja Ranjit Singh Punjab Technical University

Bathinda, IN

- **Course modules:**
  - Fundamentals of Programming Language | Basic Data Structures (Java) | Abstraction and Encapsulation
  - Inheritance and Polymorphism | Arrays, ArrayLists, Environment Set up
  - Integration and Testing | SDLC and Agile Methodology | Algorithm Analysis + Recursion
  - Stacks & Queues | Advanced JavaScript | Web development frameworks (React)
  - Cloud Computing, Database Management Systems, Enterprise Applications, Software Engineering, Agile Methodologies

Bachlor's in Computer Applications(B.C.A)

May '20 - Jun '23

Baba Farid Group Of Institutions

Bathinda, IN

- **Secured 77%**

KEY SKILLS

- **Backend Application Development**
- **Data Structures & Algorithmic Thinking**
- **Embedded C Fundamentals & Sensor Interfacing Concepts**
- **Database Design (MySQL, MongoDB, Firebase)**
- **RESTful API Design & Integration**
- **Realtime Monitoring & IoT Data Flow Concepts**
- **Python for Data Processing & AI Integration**
- **Git, GitHub, VS Code, Linux Environment**

TECHNICAL SKILLS

- **Programming Languages:** JavaScript (ES6+), TypeScript, Java, Python
- **Frontend:** React.js, Next.js, HTML5, CSS3, Responsive Web Design, Component-Based Architecture, SPA Development
- **CSS Frameworks & UI Libraries:**Material UI (MUI), Bootstrap, Tailwind CSS, Ant Design (AntD)
- **Backend & APIs:** RESTful APIs, API Integration, JSON, Java (J2EE), Python, Node.js, Express.js, Backend Development
- **Databases:** MySQL, MongoDB
- **Tools & Platforms:** Git, GitHub, VS Code, Linux,, Agile Methodology, SDLC
- **Core Concepts:** Data Structures & Algorithms, OOP, Asynchronous Programming, State Management, Real-Time Data Processing

KEY DEVELOPMENT PROJECTS

AI-Powered Shopify Analytics Application

- Built secure **REST API integrations** to fetch and process real-time business data.
- Developed a full-stack web application using **React.js, Python, and MongoDB**.
- Implemented backend services for continuous data processing and reporting.
- Designed responsive UI components using modern CSS frameworks.
- Integrated AI-based data interpretation layer for actionable insights.
- Simulated cloud-based architecture for scalable data monitoring systems.
- **Technologies Used:** Python, REST APIs, MongoDB, React.js, LLM Integration

AI-Powered Content Management System (CMS)

- Rich text editor for content creation
- AI-powered content suggestions & auto-completion
- SEO optimization recommendations
- Multi-author support with role-based access
- Content versioning & revision history

- Image/file management with cloud storage
- Content scheduling & publishing workflow
- Analytics dashboard for article performance
- **Technologies Used:** MERN stack, TinyMCE/Draft.js, OpenAI API, Multer, Pagination

PROFESSIONAL EXPERIENCE

Full Stack Developer Intern

Mar '25 - Aug '25

Diglip7 Tech Private Limited

Noida, IN

- Developed and optimized **RESTful APIs** for real-time data communication between frontend and backend systems.
- Built dynamic frontend components using **React.js** and integrated them with backend services.
- Implemented **API integration and asynchronous data handling** for live data updates.
- Designed and maintained database schemas using **MongoDB and MySQL**.
- Collaborated in an **Agile development environment** using Git version control.
- Improved application performance through debugging, testing, and backend optimization in Linux environments.
- Authored technical documentation for APIs and system workflows.

CERTIFICATIONS

- **AI Prompting: AI Basics for Content Generation** | Udemy | July '25
- **Fundamentals of programming in Python** | Baba farid College | Aug '22

ADDITIONAL INFORMATION

- **Languages: Punjabi** (Native), English (Intermediate),Hindi(Advanced).
- **Interests:** Puzzle solving, Video Games, Emerging Technologies
