Experience

Evatoz Solution Pvt. Ltd. **Sep 2024 – Present**
PHP (Laravel) Developer *Noida, India*

- Designing, developing, and maintaining scalable web applications using **Laravel, PHP, MySQL, and RESTful APIs**.
- Developed core business modules including **user management, reporting systems, billing, and role-based access control**.
- Integrated **Zoho CRM APIs** to synchronize Contacts, Leads, and automate CRM workflows.
- Worked on **criminal and background verification (BGV) API integration**, managing request initiation, status polling, and final verification responses.
- Implemented **OTP-based authentication, Bearer token security, and API validation** for mobile and web platforms.
- Integrated **Firebase Cloud Messaging (FCM)** for real-time alerts and push notifications.
- Optimized backend queries and API performance, reducing response time by nearly **20–25%**.
- Collaborated in Agile sprints involving debugging, code reviews, testing, and production deployments.

Technical Skills

Backend: PHP (Core & OOP), Laravel Framework, RESTful APIs
Frontend: HTML5, CSS3, JavaScript (ES6+), jQuery, AJAX, Bootstrap
Database: MySQL, PostgreSQL, Query Optimization, Eloquent ORM
Tools: Postman, Git/GitHub, Composer, XAMPP, VS Code
Concepts: MVC Architecture, SaaS Multi-Tenant Systems, Zoho CRM Integration, Background & Criminal Verification APIs, Secure Authentication (JWT/Bearer), OTP Verification, Payment Gateway Integration
Soft Skills: Problem Solving, Collaboration, Time Management, Attention to Detail

Key Projects & Contributions

Fleet Management System *Sep 2024 – Mar 2025*

- Developed a complete web solution for vehicle management, driver assignment, and trip scheduling.
- Built modules for **service maintenance, expense tracking, and advanced reporting**.
- Designed and optimized database schemas to support large-scale operational data.
- Deployed the application in a production environment with secure authentication and API integrations.

A2Z Connect (GPS Tracking & IoT Platform) *Apr 2025 – Present*

- Developed and maintained **Laravel-based REST APIs** for real-time GPS tracking, trip monitoring, and geofencing.
- Implemented backend logic for **device status detection** (Moving, Idle, Parked, Offline) using live IoT data.
- Built secure **OTP-based authentication APIs** for mobile app integration.
- Integrated **Firebase Cloud Messaging (FCM)** for automated alerts and notifications.
- Developed **Refer & Earn module** including referral tracking, reward distribution, and wallet management.
- Integrated **payment gateway APIs** for automated transaction handling.
- Integrated **background verification APIs** to manage candidate verification lifecycle and status tracking.

SaaS CRM Platform (Multi-Tenant System) *Jun 2025 – Present*

- Developed a **multi-tenant SaaS CRM platform** with tenant isolation and subscription-based access control.
- Implemented **Super Admin dashboard** for plan management, tenant monitoring, and analytics.
- Built modules for **tenant onboarding, CRM roles, permissions, and automated billing workflows**.

Education

Galgotias University **2022 – 2024**
Master of Computer Applications (MCA) *CGPA: 8.5 / 10*

S. Sinha College (Magadh University) **2018 – 2021**
Bachelor of Computer Science *Percentage: 71%*

Certifications

Evatoz Solution Pvt. Ltd. *Software Developer Certification — 2024*

Absolute Dimension *Software Developer Internship — 2023*
