Role Overview

We are looking for an experienced **Regional Sales Manager (RSM)** with strong exposure to **ISP and SI distributor networks**. The candidate must have hands-on experience in selling networking hardware and infrastructure products and managing regional distributor sales.

This is an **individual contributor role** responsible for driving revenue growth across assigned regions.

Territory Coverage

- **South (except Kerala):** Chennai, Hyderabad
- **West:** MP, Rajasthan, Gujarat, Pune, Rest of Mumbai
- **North & North East:** Delhi and surrounding regions

Key Responsibilities

- Drive sales of networking infrastructure products including:
  - SFP modules
  - Switches
  - Routers
  - Switch racks
  - Networking cables & accessories
- Develop and manage relationships with:
  - ISP networks
  - System Integrators (SI)
  - Large regional distributors
- Generate and close project-based sales opportunities
- Achieve monthly revenue target of ₹12 Cr
- Expand vendor and distributor base across assigned regions
- Identify new business opportunities in telecom & ISP ecosystem
- Coordinate with internal technical and operations teams for execution
- Regular travel within assigned territory (travel managed by company)

Mandatory Experience & Background

- 5–8 years of experience in **product sales (networking hardware preferred)**
- Strong exposure to:
  - ISP networks
  - System Integrators (SI)
  - Distributor-driven sales model
- Experience in selling:
  - Telecom networking equipment
  - Switches & routers
  - SaaS-based networking solutions
  - Network infrastructure products
- Exposure to companies similar to:
  - Indovision Global
  - Online Axis
  - Cyberface

Strictly Not Suitable

- Candidates from telecom operators such as:
  - Vodafone Idea
  - Airtel
  - Jio
- Sales professionals focused only on:
  - Software & cybersecurity solutions
  - Government tenders & bidding projects
  - Pure SaaS sales without hardware exposure

Desired Skills

- Strong distributor & channel management
- Technical understanding of networking infrastructure
- Project-based selling capability
- Regional market knowledge (South & West preferred)
- Target-driven and self-motivated
