About me

Creative and detail-oriented UI/UX Designer with 2 years of experience designing responsive web and mobile applications. Skilled in wireframing, prototyping, user flows, usability testing, and design systems using Figma, Adobe XD, and Illustrator. Collaborate with developers and cross-functional teams to deliver intuitive, user-centered digital experiences.

Live Projects

1. Sports Website – TRANSFORM PASSION INTO PROFESSION

- Redesigned existing website for improved UI, responsiveness, and user experience.

View Live >

2. Architecture Portfolio Website – NK ARCHITECTS

- Designed from scratch – minimal, responsive portfolio site for projects and services.

View Live >

Experience

Dec 2023- U/UX Designer – Cling Infotech - **Experience: 2 Years**

Worked on end-to-end design for web and mobile platforms—wireframes, prototypes, and visual design using Figma and Adobe XD. Closely collaborated with developers to ensure seamless implementation and improved user experience across products.

Collaboration and Communication

- Strong verbal and written communication skills
- Ability to collaborate with cross-functional teams
- Excellent time management and organizational skills
