KARTHIK YADAV K

NetSuite Architect | ERP Project Manager | Integration Leader

karthikyadavk@gmail.com | +91 9971988112

Executive Summary

A results-driven NetSuite Architect and Project Manager with over 10+ years of experience in NetSuite ERP, CRM, and e-commerce implementations across diverse industries including finance, manufacturing, retail, and supply chain. Demonstrated leadership in managing full-cycle NetSuite implementations, delivering complex integrations, and driving digital transformation initiatives.

Combines strong technical knowledge (SuiteScript, SuiteFlow, REST/SOAP APIs) with proven project leadership, stakeholder management, and cross-functional team collaboration. Adept at aligning technology strategy with business goals while maintaining a hands-on approach to architecture, development, and solution delivery.

Core Competencies

- Technical Leadership: SuiteScript 1.0 & 2.0, SuiteFlow, SuiteCommerce Advanced, integrations (Celigo, REST API)
- Project Management: Agile, Scrum, Waterfall | Resource Planning | Timeline & Budget Tracking
- Business Process Expertise: O2C, P2P, ARM, Billing Automation, Inventory & SCM, Financial Reporting
- Global ERP Rollouts: NetSuite OneWorld | Multi-Subsidiary | Multi-Currency
- Client & Stakeholder Engagement: Requirement gathering, functional consulting, UAT & user enablement
- System Integration: Shopify, BigCommerce, EverstoX, AfterShip, TrueCommerce, Bank Feeds
- Leadership & People Management: Team mentoring, delivery oversight, change management
