Education & Certifications

M.B.A	Indian Institute of Management Indore	2024
Investment Foundations Certificate	CFA	2022
Professional Certificate	Corporate Finance Institute	2024

Skills	Python	SQL	Excel	AI-ML	Tableau

Professional Experience

Business Intelligence Engineer — **Amazon** — 2025 - present

- Enabled **AI-driven** self-serve analytics by onboarding 10+ KPIs into Flamingo **(GenAI platform),** reducing root cause analysis time from hours to minutes and cutting manual deep-dive **effort by 60%+.**
- Collated feedback from **10+ programs** to build a unified dashboard identifying low-resolution address IDs, enabling targeted interventions and improving feedback resolution rate by **30% within 2 months.**
- Led analytics for bottom 10% underperforming rural stations (Project Sanitize), influencing network strategy to reduce connectivity gap from **1.93% to 1.6**% (~17% relative improvement target) across the US Last Mile network.
- Designed and automated 5+ **geospatial** coverage benchmarking metrics (RSM vs HERE/3P) across attributes (max height, width, weight, lane count), uncovering key data gaps impacting heavy vehicle routing accuracy at scale (10M+ records)**.**
- Optimized complex **SQL pipelines** processing 10M+ rows, reducing reporting latency by **35%** and enabling faster WBRs.
- Defined and operationalized **Last Mile KPIs** (delivery success, connectivity, routing accuracy) in collaboration with cross-functional teams, contributing to **$15M+ estimated** operational impact**.**
- Automated data quality validation frameworks using Python, cutting manual QA effort by 80% and improving data reliability.
- Performed deep-dive root cause analysis on delays, identifying **bottlenecks** % interventions that improved **OTD** by 7%**.**
- Conducted deep-dive analysis on unresolved feedbacks, identifying underperforming ML models overriding manual edits; benchmarked manual vs ML performance and recommended reranking, driving a 10% reduction in unresolved feedbacks within 6 months.

Strategy Consultant — **Mind Share Analytics** — 2024 - 2025

- Developed strategic **disinvestment** plans for the Karnataka State Government to optimize and monetize **100+ state-owned PSUs**, including the **merger of 8 entities** for enhanced efficiency and value realization.
- Classified **3000+ corporate bonds** based on ratings by Moody's using **SQL join operations** & recommended a portfolio of **80 bonds** to **buy/sell** & hold for a fixed tenure with **valuations**.
- Developed and maintained **financial models** in compliance with audit guidelines, ensuring accurate **valuation** of investment portfolios of **30+ incubated** Start-ups and Co-ordinated **Global Investor Meet 2025** at the party's end.
- **Underwritten municipal** bonds for BBMP to increase the revenue receipts of the municipality worth **900 crores**.

Product Management Intern — **Yes Bank** — 2023

- Computed **MeitY** incentives for **UPI** by technology intervention using **Python & SQL,** reducing **CT by 22%**
- Built valuation models **DCF & WACC, CAPM** to evaluate performance and investment feasibility for Yes securities
- Conducted sensitivity and scenario analysis to evaluate risks and returns across multiple **financial projections**.
- Designed **derivative strategies** such as double straddle & condor spreads, optimizing risk-reward trade-offs.
- Developed **Monte Carlo** simulation models to calculate **VaR** and stress-testing portfolios across multiple scenarios

Contractual

Trade Finance Consultant — **Euro EXIM Bank** — **2023-24**

- Underwritten 12 Letter of Credit worth $200000 to 8 clients from 4 different nations ensuring end-to-end transaction
- Conducted risk assessments & **compliance audits**, ensuring adherence to international trade regulations

Projects

Stock Forecasting — **IIT Madras** — **2021**

- Optimized investment returns through Python-based **predictive analysis** and rolling mean forecasting techniques.
- Developed a dynamic fund allocation model to enhance returns while effectively minimizing risk using historical data.
- Utilized key Python libraries **(Pandas, NumPy, Scikit-learn, Matplotlib**) for advanced data analysis and modelling.

Achievements

Scholarships	Received **10.6 L Rs** from Govt. of Madya Pradesh for exceptional performance over 5 years
Business Events	**National Winner** in AlphaBeta Portfolio Management Competition
Co-Curricular	**Winner** in Quiz competitions conducted on the occasion of National Book Week.
Athletics	**Gold Medal** in 100m hurdles & **Silver** in 100m sprint, Cluster level Annual Athletic meet
