Executive Summary

Oracle Cloud ERP Lead Consultant with 9+ years of experience delivering Oracle Cloud Financials, Procurement and SCM implementations. Demonstrated strength in solution design, integration, and stakeholder management. Proven success leading UAT, Go-Live, and Hypercare phases onsite, ensuring seamless transitions and business readiness for global ERP clients.

Core Skill Matrix

Technical Expertise	Functional Knowledge	Delivery & Leadership
Oracle Integration Cloud (OIC)	Oracle Fusion Financials	UAT/Go-Live/Hypercare Management
BI Publisher, OTBI, FRS, BICC	Oracle Supply Chain Management	Cross-Functional Coordination
PL/SQL, EDI	Oracle Expense	Client Training, Defect Triage

Key Engagements

🧩 **Client: Comcast**

- Provided onsite leadership during UAT, Go-Live, and Hypercare, driving issue resolution, user validation, and a seamless production transition across Finance and Procurement modules.
- Delivered 25+ RIE objects end-to-end — from design (TSDs, POCs) to development, testing, and validation.
- Orchestrated development of P2P & O2C Integrations including Invoice Inbound, Purchase Order Outbound, CAMT Bank Statements, and Lockbox processes.
- Partnered with business and IT stakeholders to finalize requirements, perform feasibility POCs, and implement custom extensions improving reconciliation efficiency.
- Leveraged Oracle Fusion Custom Object features to deliver outbound Expense integrations, enabling automated data flow and operational efficiency

💼 **Client: Markel**

- Led the reporting workstream, delivering 70+ reports including retrofits, fresh developments, and CR implementations across Financials and Procurement.
- Managed SIT/UAT migration, Go-Live, and Hypercare phases, ensuring defect-free delivery and smooth handover.
- Conducted training sessions for business and IT users on OTBI and Smart View, driving self-sufficiency and knowledge retention.

💡 **Client: Ameritas Inc**

- Spearheaded the reporting track, coordinating design and delivery with onshore teams and ensuring timely completion of business-critical reports.
- Delivered hands-on training and mentoring for client and IT teams on BI Publisher, OTBI, FRS, and Smart View tools.
- Enhanced client self-reliance by guiding them on ad-hoc reporting and improving their problem-solving capabilities.

Client: Republic Services (RSI)

- Co-led the reporting and Hypercare stream, overseeing requirements, defect management, and CR delivery through multiple SIT/UAT cycles.
- Delivered the first SaaS–PaaS integrated BI report, setting a reusable model for faster, scalable analytics delivery.
- Customized seeded BI Publisher reports and managed FRS report deployments and corresponding ESS job development.

🏢 **Previous Roles: Deloitte Consulting | Capgemini | L&T Infotech**

- Led the reporting workstream through multiple SIT cycles, managing report migration and validations.
- Delivered EFT payment and bank integration solutions, enhancing automation in financial operations.
- Improved user experience through deep-link dashboard POCs and UI personalization for BI reports.
- Customized key business reports including Bill of Lading, PO PDFs, Customer Statements, and Dunning Letters and Manufacturing and Maintenance Work Order Traveler Reports.
- Developed FRS reports for Balance Sheet, Income Statements, Trial Balance, P&L and other financial reports.
- Developed complex Journal Entries and Intercompany Transactions details Report.
- Worked on complex Bill of Lading Report customization and Inter-Intra class UOM conversions.
