2013	Higher Secondary (CBSE)	LASEA, Jhalawar, Rajasthan	84.6%
2011	Secondary (CBSE)	MJRP Public School, Ghazipur, UP	10 / 10

SKILLS

- Programming/Tools - SQL | Advanced Excel | Microsoft Office | Tableau | Python | PySpark | AWS | Athena | S3 | Airflow | Databricks
- Analytics & Domain Expertise - Data Visualization | ETL Pipelines | Machine Learning | Incentive Compensation | Sales Crediting | Goal Setting | Alignment | Call Planning | KPI Monitoring
- Soft Skills - Team Management | Stakeholder Management | Process Optimization | Automation | Documentation & Compliance

WORK EXPERIENCE

Axtria India Pvt. Ltd. (Apr 2024 – Present) | Project Leader

- Utilized **AWS Athena and Databricks** for ad hoc analysis and data validation, re-engineered logic, and optimized queries, enhancing accuracy and saving time.
- Led **analytics efforts, managed implementation, requirements gathering, development, and testing**. Regularly coordinated with clients and onshore team for effort estimation, change requests, new reports, tracker maintenance, and project timeline planning.
- Designed and implemented Super **DAGs in Airflow** to automate weekly pipeline executions, with notification features improving monitoring and reducing manual effort by 60%.
- Worked directly with the client and led a 3-member team to build a standardized and **business-aligned data quality** framework using Athena, S3 and Databricks, helping in early detection of issues and reducing resolution time.
- **Manage 4 associates**, guiding and mentoring them for best practices and professional development.
- Ensured project compliance by **maintaining structured documentation**, including project plans, checklists, BRDs, SOPs, and other relevant artifacts, enabling seamless tracking and audit readiness.

Axtria India Pvt. Ltd. (Apr 2022 – Mar 2024) | Senior Associate

- Worked with a US-based pharma client on **Incentive Compensation covering Sales Crediting, Goal Setting, Eligibility & Payouts.**
- Designed models for multiple products to **forecast quarterly goals** (based on historical data, trends, market metrics, and other factors) for various US geographies. Validated these models on test data by performing multiple **statistical tests.**
- Developed user-friendly interactive **simulator tools with dynamic functionalities** and built several reports from scratch.
- Developed various **scripts from scratch in MS SQL Server** for reporting, sales crediting, and goal-setting modules.
- Took end-to-end ownership of several reports and **ad hoc analysis** requests from clients, onboarded and mentored new and junior team members in IC modules, and conducted training sessions to enhance their technical and business acumen.
- Gained deep expertise in **Incentive Compensation (Sales Crediting, Goal Setting, Eligibility, and Payouts), Reporting, Call Planning, Alignment,** and various pharma datasets (Symphony, Liquid Hub, Veeva Call Activity, Value Centric, XPO, DDD, SPSD, 867, 852 data etc).

Axtria India Pvt. Ltd. (Jul 2019 – Mar 2022) |Analyst/Associate

- Designed complex **reports using SQL, Excel, and PowerPoint**.
- Developed a PowerPoint report generator, **reducing report creation time by 60%.**
- Created **Tableau dashboards** to track sales and call performance, and developed custom ad hoc reports to meet client needs.
- Collaborated with cross-functional teams, performed requirement gathering and generated reports for better business insights.
- Acted as an **SME** in the reporting team, resolved client and onshore team queries related to reporting and analytics.

CERTIFICATIONS AND ACCOMPLISHMENTS

- Certified in SQL, Python, Tableau, Advanced Excel, and Gen AI – Axtria Institute
- BRAVO Award for outstanding contributions & business impact – Axtria
- Captain, Azad Hall Hockey Team – Led 30+ players to GC 2018 Semifinals at IIT Kharagpur
- Subhead, Boeing National Aeromodelling Competition – Managed 70+ teams at IIT Kharagpur TechFest 2017.
