PROFESSIONAL EXPERIENCE

TUMBLEDRY, Noida, UP: Full-Stack Developer (Product Development) Feb 2025 – Present

- Maintained and enhanced in-house CodeIgniter apps; delivered 8 feature releases and resolved production bugs , code improvements to improve system stability.
- Owned the Lead CRM (CodeIgniter) used by 80+ sales agents — implemented enhancements , API integrations and supported day-to-day operations that increased lead processing throughput by 35%.
- Integrated Shopify Admin GraphQL into Laravel backend and deployed cron syncs (runs 4×/hour) — eliminated 80% of manual reconciliation and improved data freshness.
- Optimized MySQL queries and indexing in the Factory Module — refactored slow queries and added pagination, reducing average page load from 6.0s $\rightarrow$ 1.8s (approx. 70% faster).
- Managed WordPress (Elementor) site: built 10+ pages via PHP templates and partnered with SEO to raise organic sessions by 25% over 3 months.
- Built and supported a Ticket Management System (CodeIgniter) — centralized issue tracking and cut average ticket resolution time from 48h $\rightarrow$ 18h.
- Introduced Git-based workflows and created technical documentation for handovers and new hires.
- Core tech: PHP, CodeIgniter, Laravel, MySQL (query optimization), Shopify Admin GraphQL, WordPress (Elementor), JavaScript/jQuery, Git, Cron jobs, REST APIs.

FIRSTVITE E-LEARNING PVT. LTD., Noida, UP: Full-Stack Developer Jan 2024 – Jan 2025

- Developed and maintained projects (GoingBo, IIMSR, CollegeVihar) serving 5,000+ monthly users; implemented secure form handling and admin panels that processed 6,000+ monthly submissions.
- Integrated REST APIs (Tek Travels) and Razorpay payments — improved transaction success rate to 98% and reduced failed-payment support tickets by 40%.
- Used AJAX/jQuery for dynamic UX improvements, reducing full-page reloads and improving user flow completion rates by 20%.
- Built a Bulk SMS marketing system (Sirf SMS JSON API) that delivered 5,000+ messages across campaigns and supported targeted outreach.
- Led code reviews and QA for the Genlead project as senior developer — improved code quality and reduced post-release defects by 40%.

- Core tech: PHP, Laravel, HTML5/CSS3, JavaScript, AJAX, jQuery, Bootstrap, MySQL, REST APIs, Razorpay, Sirf SMS API, Git.

DAZZLER SOFTWARE PVT. LTD., Kota, Raj.: Junior Web Developer Dec 2022 – Jan 2024
