CAREER OBJECTIVE:

Manufacturing Engineer with 2+ years of experience, committed to continuously enhancing my skills and knowledge through hard work, honesty, and dedication. Seeking a challenging role where I can apply my expertise in manufacturing processes and process engineering to drive operational efficiency and support the organization's growth and success.

CURRENT ORGANIZATION PROFILE:

The Motwane Manufacturing Company Pvt. Ltd. (Motwane Digital) Mahape, Navi Mumbai.

Engineer. **(AUG 2024 – Till date)**

Present Department –Manufacturing Engineer/ Process Engineering.

Key Responsibilities: -

- Collaborate with R&D to document and validate process steps, recreate product prototypes based on documentation, and validate product specifications to ensure consistency and quality.
- Test IoT devices, manage firmware deployment on devices, and ensure proper functionality through Docker deployment for system efficiency and product performance.
- Organize, lead, and execute improvement projects and activities, focusing on enhancing production efficiency, product quality, and reducing operational costs.
- Develop and maintain working procedures, materials, processes, and tools to meet safety, quality, delivery, and cost targets in manufacturing operations.
- Assess current manufacturing processes, develop new processes, and implement improvements to enhance production efficiency and product quality.
- Test and create jigs for new products to improve manufacturing workflows.
- Conduct field trials to validate the performance and specifications of products before final release.

PREVIOUS ORGANIZATION PROFILE-1

KSB Limited, WPD, NASHIK

Graduate Trainee Engineer. **(AUG 2023 – AUG 2024)**

Present Department –Industrial Engineering/Manufacturing Engineering. **1 Year Experience**

Key Responsibilities: -

- Development of proposals for manufacturing process automation leading to cost reduction and avoidance.
- Communicate with vendors and coordinate with the cross-functional teams for new developments and improvements of products.
- Execution and planning of installments of production hardware machinery and assets on shop floor.
- Analyze Time utilization of workers Identification of problems in industry and process improvement.
- Design and layout manufacturing facilities to optimize space utilization, workflow, and material flow.
- Analyze production processes and workflows to identify areas for improvement. Use techniques such

as time and motion studies (MOST technique), simulation, and computer modeling to optimize processes, reduce waste, and increase efficiency.
- Drive Visual Management, Digitization and Automation projects, Drive Industry 4.0 concept, Andon system etc.

Key Achievements:

- Implemented AGV (Automated Guided Vehicles) for packed pumps transfer to FG area.
- Successfully implemented pick and place type Robotic automation for stator shot blasting and varnishing application which is 1St adopted advanced technology in the KSB Group India.
- Developed application for NBC challan inward & Outward entries in system.

ACADEMIC QUALIFICATION:

Education:

- **B. Tech in Electrical Engineering** | Pune University | 2023 | **77.52%**
- **Diploma in Electrical Engineering** | MSBTE | 2020 | **89.22%**
- **10th Grade** | CBSE | 2017 | **77.90%**

SKILLS:

- **Technical Skills:** IoT device testing, Firmware Deployment, AutoCAD, SAP ABAP, SAP MM.
- **Manufacturing Skills**: MOST, 5S, Kaizen, TPM, PDCA, Capex Management, Capacity planning. SOP Preparation, Line balancing, Vendor quotation comparison
- **Soft Skills:** Hardworking, Motivated & Self-starter, Time management, Leadership, Problem-Solving, Creativity, Teamwork, Communication skill.

TRAINING & PROJECTS

- Industrial Training of 4 Weeks in Primus Tech System Pvt. Ltd (2022).
- Industrial Training of 8 Weeks in Sanjivani Sugar Factory (2019).
- Project: Smart LPG level monitoring and automatic booking system integrated with trolley.
- Project: Hardware circuit implementation of Static VAR compensator for power factor improvement.

EXTRA CURRICULAR ACTIVITIES:

- Published IEEE research paper in 2nd international conference at ITSTSN 2023.
- Attended LV switchgear workshop at L&T, Pune (Diploma, 3rd Year).
- Founding member of Team Samarthya.

PERSONAL PROFILE:

Name	:	Rahul Karnasaheb Vakte
Date of birth	:	20/05/2001
Marital Status	:	Single
Languages known	:	English, Marathi, Hindi, Sanskrit.
Hobbies & Likes	:	Cricket, Badminton, Table Tennis, Social work, Travelling & Strength training.

DECLARATION:

I hereby declare that information in this document is correct up to my knowledge and I bear the responsibility for the correctness of the above-mentioned particulars.

Place: Navi Mumbai **(RAHULVAKTE)**
