RAHUL KUMAR DUBEY

Mobile App Developer

📧 **Email:** dubey.rahul964@gmail.com
📱 **Mobile:** +91-9999670291 | 9560213129
🏠 **Address:** 173, Ekta Vihar, R.K. Puram, Sec-6, New Delhi – 110022

Objective

Dedicated and results-oriented **Mobile App Developer** with 3+ years of hands-on experience crafting robust and efficient code for dynamic business solutions. Skilled in **Android** and **React Native** platforms, I have contributed to the development of innovative mobile applications that deliver seamless user experiences. With a keen eye for detail and a passion for continuous improvement, I seek to leverage my skills—especially my one-year React Native experience—in a challenging and growth-oriented environment.

Qualification

- **B.Tech**, IILM College, Greater Noida (UPTU)
- **12th**, C.G. Board, Sarasvati Shishu Mandir School
- **10th**, C.G. Board, Government Higher Secondary School

Work Experience

Android Developer – Comtech IT Solution Pvt. Ltd.
📅 *May 2022 – Present*

- Developing and maintaining Android applications with focus on performance and scalability.

Android Developer – 3D Logic India Pvt. Ltd.
📅 *Dec 2021 – May 2022*

- Worked on mobile solutions integrating REST APIs and optimizing UI/UX design.

Android Developer – NSPS Pvt. Ltd.
📅 *Sep 2020 – Nov 2021*

- Built and deployed multiple Android apps using MVVM architecture and Room database.

Technical Skills

React Native:

- JavaScript, TypeScript, ES6, Async-storage, Hooks, Navigation, FlatList

Android Native:

- Java, SQLite, Room Database, MVVM, JSON, Retrofit, Push Notification, Broadcast Receiver, Content Provider, Activity Lifecycle, Service

Development Tools:

- VS Code, Xcode, Android Studio, Git

Operating Systems:

- Windows, Mac

Projects

1. Fuel@Call *(React Native – Under Development)*

Technology: React Native
Role & Responsibilities:

- Involved in UI design and front-end development using React Native components.
- Integrated APIs for seamless data communication.
- Conducted unit testing and participated in bug fixing to ensure smooth functionality.
- Collaborated with the team on code review and performance optimization.

2. Indian Oil One
Technology: Android and Flutter
Store Link: [https://play.google.com/store/apps/details?id=cx.indianoil.in&pcampaignid=web_share]
Role & Responsibilities:

- Designed and developed key modules for the mobile application using **Flutter** and **Dart**.
- Implemented **cross-platform UI** components ensuring consistency across Android and iOS.
- Integrated **RESTful APIs** for real-time data synchronization.
- Conducted **code review**, **debugging**, and **bug fixing** to ensure smooth app performance.
- Performed **unit testing** and optimized app performance for better user experience.

3. Indian Oil Business
Technology: Android
Store Link: [https://play.google.com/store/search?q=indian+oil+business&c=apps&hl=en_IN]
Role & Responsibilities:

- Developed and maintained business-related modules of the application.
- Implemented MVVM architecture and Retrofit for data management.
- Conducted bug fixing and optimized app performance.
- Collaborated with team members for design improvements and code review.

4. MPower
Technology: Android
Store Link: [https://play.google.com/store/search?q=mpower+one&c=apps&hl=en_IN]
Role & Responsibilities:

- Handled end-to-end design and development of the Android application.
- Worked on SQLite database and push notifications.
- Executed debugging, issue resolution, and unit testing.
- Supported code review sessions to maintain code quality.

5. RO Care India – RO Service App
Technology: Android
Store Link:
[https://play.google.com/store/apps/details?id=rocareindia.com.rocareindiapartner&pcampaignid=web_share]

Ro Care India Partner:-
[https://play.google.com/store/apps/details?id=rocareindia.com.rocareindiapartner&pcampaignid=web_share]

Role & Responsibilities:

- Designed and developed modules for RO service management.
- Integrated APIs and local storage solutions for better user experience.
- Fixed bugs and performed unit testing before release.
- Contributed to code review and feature enhancements.

6. Others (Loan Lead, Calling, MRR, Location-Conductor)
Technology: Android
Role & Responsibilities:

- Developed small-scale utility applications for business support.
- Focused on design, development, and debugging.
- Conducted code review and testing to ensure smooth deployment.

Personal Information

Father's Name: Om Narayan Dubey
Date of Birth: 12/10/1992
Languages Known: English, Hindi
