Ravi Kumar Singh

Security Analyst L2

+91-9149259024 | ravisingh4746@gmail.com | Gurugram, INDIA | Experience: 3 Years 3 Months | www.linkedin.com/in/ ravi-singh-soc-analyst

SOC Analyst with 3+ years of experience in SIEM monitoring, incident response, and threat detection. Hands-on expertise in Splunk and ELK stack, with proven ability to reduce false positives and improve detection rules. Experienced in EDR tools like CrowdStrike and skilled in log analysis, threat intelligence, and MITRE ATT&CK framework.

SKILLS

- SIEM Monitoring (Splunk ELK ArcSight)
- Log Analysis (Windows/Linux)
- Network Security & IDS/IPS
- Incident Response & Alert Triage
- EDR/XDR (CrowdStrike Elastic Defend)
- Threat Hunting & Threat Intelligence
- MITRE ATT&CK Framework

WORK EXPERIENCE

Security Analyst L2 - Bharti Airtel Ltd. (Xtelify Ltd.) **Aug 2025 - May 2026**

- Investigate and respond to security incidents using SIEM tools (Splunk/ELK), performing deep log analysis and root cause analysis.
- Perform advanced alert triage and handle L2 escalations for critical security incidents
- Tune and optimize SIEM detection rules, reducing false positives and improving alert accuracy.
- Analyze endpoint threats using EDR tools (CrowdStrike, Elastic Defend).
- Perform IOC analysis and validation using threat intelligence platforms
- Map adversary techniques using MITRE ATT&CK framework.
- Improve MTTR (Mean Time to Respond) through efficient incident response workflows.
- Investigated phishing, brute-force across enterprise environments

Security Analyst - SecureVel **May 2024 - Aug 2025**

- Monitored and analyzed security alerts using ELK SIEM across multiple systems
- Performed alert triage (L1/L2) and escalated confirmed security incidents.
- Reduced false positives by 30% through SIEM rule tuning and correlation improvements
- Developed Kibana dashboards and queries for faster threat detection and analysis
- Conducted log analysis on Windows/Linux systems to identify suspicious activities
- Assisted in incident response and investigation

Software Engineering Analyst - ANR Software Private Limited **Mar 2020 - Apr 2021**

- Developed Java-based applications following secure coding practices (OWASP Top 10)
- Identified and fixed application vulnerabilities (input validation, error handling issues)
- Analyzed application logs to detect abnormal behavior and troubleshoot issues
- Worked with HTTP, APIs, and web security concepts
- Strengthened analytical and debugging skills applicable to SOC investigations.

EDUCATION

2018 **B.Tech / B.E. | Mechanical Engineering**
Uttar Pradesh Technical University (UPTU)

TECHNOLOGIES

- SIEM: Splunk, ELK (Elasticsearch, Logstash, Kibana), ArcSight
- SOAR: FortiSOAR
- EDR: CrowdStrike, Elastic Defend
- Firewall: Palo Alto, Fortinet, Sophos
- Threat Intelligence: Mandiant, AbuseIPDB, VirusTotal

CERTIFICATIONS / TRAINING

- Google Cybersecurity Certificate (In Progress)
- Microsoft SC-900 Security Fundamentals (In Progress)
- Fortinet NSE 1 & NSE 2 (Network Security Basics)
