EDUCATION

Baba Banda Singh Bahadur Engineering College
Bachelor of Technology in Computer Science and Engineering
CGPA: 8.95

WORK EXPERIENCE

BolsterAI, Noida **Jan 2024– Present**
Security Analyst 2

- Proactively monitored social media platforms and external digital channels for phishing campaigns, brand impersonation, and malicious activity to protect brand reputation and customer trust.
- Conducted in-depth threat assessments and delivered detailed reports to senior management, directly influencing security strategies and risk mitigation plans.
- Performed proactive threat hunting across web applications, social media, and digital ecosystems to identify emerging vulnerabilities, attack vectors, and IOCs.
- Utilized advanced OSINT techniques to uncover malicious domains, phishing websites, and fraudulent campaigns, strengthening threat intelligence and incident response.
- Collaborated cross-functionally to design and implement security policies and procedures, improving overall risk management posture.
- Continuously updated phishing awareness and training content based on evolving real-world threat models.
- Authored technical research blogs and knowledge articles, translating complex security concepts into accessible content for clients.
- Identified, validated, and coordinated takedown of malicious domains and URLs linked to phishing and brand abuse.
- Provided security support for high-profile clients by investigating and resolving incidents efficiently, maintaining high client satisfaction.
- Acted as a primary liaison for client communications, resolving technical and security queries and maintaining thorough documentation.

SafeAeon Inc., Mohali **May 2022 -Jan 2024**
SOC Analyst

- Investigated and resolved incidents involving unauthorized access to sensitive data through detailed root-cause analysis and corrective actions.
- Monitored, analyzed, and triaged security incidents to ensure timely response and mitigation.
- Prepared comprehensive customer reports detailing findings, remediation steps, and preventive recommendations.
- Worked extensively with SIEM, EDR, Avanan email security tools, ticketing systems, and threat intelligence platforms.
- Managed vulnerability patching and reporting using SanerNow.
- Collaborated with cross-functional teams to strengthen application and system security controls.
- Implemented security measures to minimize risk and impact of cyber attacks.
- Demonstrated adaptability by quickly learning new tools and concepts in fast-paced environments.
- Worked flexible schedules including night, weekend, and holiday shifts to support security operations.
- Participated in team projects, contributing effectively in collaborative environments.
- Analyzed campaign metrics and user behavior to assess vulnerability trends and improve security awareness initiatives.

SKILLS

- Monitoring & Investigating Security Incidents , Threat Detection, Ticketing Systems
- SIEM Tools: Elastic , Microsoft Azure Sentinel
- EDR Tools: Sentinel One, Microsoft 365 Defender
- SanerNow
- Email Security Tool : Avanan
- Brand Protection (Threat Hunting & Takedown):
  - Social Media
  - Web
  - App Store
