VIKIT UNADKAT

Digital Transformation | Process Re-engineering | Reimagination | Business Excellence | Product and Project Management | Credit Risk | Certified Agile Six Sigma Green Belt | Certified Scrum Master

SUMMARY

Over 13 years of BFSI experience across Product Management, Process Excellence, Credit Risk, and Digital Transformation. Led enterprise-scale implementations of LOS and LMS platforms, retail lending automation, and large-scale process re-engineering initiatives. Proven track record in driving cost reduction, improving turnaround time, and strengthening compliance through Agile Scrum delivery, stakeholder management, and vendor-led technology transformations.

PROFESSIONAL EXPERIENCE

Piramal Finance Limited | Nov 21 - Present

Senior Manager - Automation, Process Re-engineering and Credit Risk

- Led end-to-end implementation of LOS, LMS, Fintech integrations, and DHW across Business Loans, Used Car Loans, and Mortgages.
- Enabled STP journey with 22% auto-approvals and 35% auto-rejections, improving lending efficiency.
- Delivered 40% reduction in loan sourcing cost and ₹1.8 Cr annual savings by migrating from Salesforce to in-house platform.
- Owned product roadmap using customer-feedback-driven prioritization for continuous enhancements.
- Reduced credit decision TAT from ~72 hrs to 36 hrs through API, FI, and valuation system integrations.
- Led Product Ownership, Business Analysis, Digital Onboarding, and Credit Risk workflows in Agile model.
- Implemented Agile Scrum across squads using Confluence, Sprint metrics, RACI, ROI, CSAT, DMAC.
- Ensured regulatory compliance and managed vendors and cross-functional stakeholders.
- Conducted enterprise training and authored 75+ user advisories.
- Launched new loan variants, driving 20%+ business growth.
- Built and managed multiple Salesforce-based LOS product journeys across retail lending products.

Axis Bank Limited | May 21 - Nov 21

Manager - IT Initiatives and Business Excellence

- Drove process modeling, measurement systems, and re-engineering to strengthen operational excellence.
- Delivered a Pan-India rollout improving efficiency, waste reduction, and workforce productivity.
- Implemented a Field Verification system for Credit and FI teams across desktop and mobile platforms with compliant, role-based workflows.

DHFL acquired by Piramal Finance Limited | Dec 17 - May 21

Manager -BPR, Credit Risk, Training and Quality Management

- Implemented automated underwriting and process systems improving process efficiency, SLA compliance, reporting, tracking, and error correction, resulting in faster turnaround times.
- Led testing and integration of underwriting modules with CRM and Loan Servicing systems, delivering 30% improvement in TAT for salaried loan applicants.
- Developed branch and employee performance scorecards for capacity rationalization and conducted Pan-India training for 5,000+ employees on new processes and updated credit policies.

HDB Financial Services Limited | Jun 17 - Dec 17

Hub Credit Manager - Leading Retail Lending Products Underwriting Process

- Led and managed Credit Managers, Tele-callers, and Vendor teams, ensuring strict credit quality control and delinquency minimization.
- Enforced credit policy compliance and 100% application screening, while monitoring approval rates, TAT, and market intelligence to improve portfolio performance.

IndusInd Bank Limited | Mar 16 - Jun 17

Credit Manager - Leading Retail Lending Products Underwriting Process

- Managed staffing, performance, training, and service delivery to achieve business targets with high dealer and customer satisfaction.
- Established operational risk controls and quality assurance frameworks to ensure adherence to underwriting and credit policies.
- Led a data analytics-driven underwriting team (SQL, Advanced Excel, VBA), achieving 30% reduction in document review timelines through process automation.

Altisource Business Solutions Limited | Dec 12 - Mar 16
Lead Trainer - US Mortgage Credit Underwriting Process

- Delivered process and system training for new hires, managed certifications, on-the-job training, and performance tracking to ensure compliance.
- Developed training manuals, refresher programs, and cross-skilling modules, reducing process errors through continuous staff sensitization.
- Led project management for setting up a new 100-FTE site, covering facility setup, technology deployment, hiring, and end-to-end training.

Tata Consultancy Services Limited | Feb 11 - Dec 12
Process Associate - Band 1 - CITI Bank Project

- Handled accurate fund posting, fee charging/waivers, and maintained strict adherence to regulatory and compliance requirements.
- Allocated daily work, supported new joiner training, and coordinated with Quality teams for audit feedback and process improvements.
