EXPERIENCE

Senior Associate

Feb 2025

PWC SDC - Gurugram

- Lead the delivery of technology-centric audits for UK-based Financial Services clients (Banking, Insurance, Investment).
- **BCP & DR Oversight:** Conducted comprehensive reviews of Business Continuity Plans and Disaster Recovery reports to ensure organizational resilience and alignment with regulatory requirements.
- **ITGC & ITAC Excellence:** Perform end-to-end testing of IT General Controls and automated Application Controls (ITAC) to validate system integrity and financial reporting accuracy.
- **SDLC Governance:** Evaluate the System Development Life Cycle (SDLC) process, including design, QA testing, and production deployment, to mitigate risks in digital transformations.
- **Leadership:** Manage audit fieldwork, mentor junior associates, and drive high-quality documentation in a rapidly evolving digital landscape.

Consultant 2

Jul 2022 — Feb 2025

Ernst & Young (India & Bahrain) - Gurugram

- **International Secondment (EY Bahrain):** Selected for a high-profile international assignment in the Middle East, delivering Technology Risk services to a diverse portfolio of regional clients in the **Energy, Oil & Gas, and Banking** sectors.
- **Cross-Border Compliance:** Evaluated IT control environments against local and international frameworks, ensuring compliance with Central Bank of Bahrain (CBB) requirements and global EY methodologies.
- **SOC Attestation:** Led fieldwork for **SOC 1 and SOC 2 (Type 1 & 2)** reports, assessing control design and operating effectiveness for third-party service providers.
- **BCP/DR & Backup Management:** Audited critical backup protocols and disaster recovery readiness for large-scale industrial and financial enterprises.
- **SDLC Testing:** Conducted detailed reviews of system implementation projects, focusing on project governance, security by design, and post-implementation reviews.
